Sales Management Comments

Welcome to the 22nd Annual Advantage bull sale in Saskatoon. The biggest "ADVANTAGE" of this sale is being able to make this your one stop bull shopping.

Once again at this year's sale we will have Red, Black and Fullblood Simmental, Charolais and Red and Black Angus Bulls.

The quality of bulls on offer is as good as it gets. You will find yearling and 2yr olds to choose from. These bulls are bred to work in whatever environment they are put in. Bulls that have some performance yet still maintain calving ease, are deep quartered, big topped, hairy, have big testicles and are sound in their overall structural make-up.

For those who are serious about being involved in the production of seed stock, there is a window of opportunity to take "ADVANTAGE" with very little risk and the potential for large gains.

On behalf of the consignors and the Transcon crew we invite you to join us on Saturday April 1st at Saskatoon Livestock Sales. Come early for lunch and visit with the consignors and then sit in at the sale and take ADVANTAGE and seize the opportunity to purchase some of the finest bulls there are.

As always if you are unable to attend the sale but would like to purchase or have any questions about the bulls selling, don't hesitate to call our cell phones. We will assist you in a very professional and confidential manner.

See You Sale Day....Darren

Welcome to our part of the sale. As one of the original members of the Advantage sale we look forward to seeing all of our past customers and we have had many over the last 21 years. Our bulls have worked at some of the big ranches, PFRA pastures and grazing co-ops as well as some of the most progressive commercial herds throughout western Canada. We also sell females in the fall at Simmsational and they also are scattered throughout purebred herds from Ontario to BC. The cows raised these bulls the way you do with no creep feeding and no grain fed to the cow herd just grass and hay – out on grass April 15 and brought home Dec 1. The cows that can't do it this way are gone. In closing I want to thank you for your interest in our program and wish you all the best in 2017.

Glenn

Welcome to the Advantage Sale 2017.

First and foremost thank you to all who have attended this sale and the bidders and buyers who have supported us over the years. This year's offering is again a strong group consisting of polled fullblood and red factor bulls. There are good performance prospects as well as low birth weight, calving ease bulls. This year we have added a couple of 2 year old bulls that were a bit too young to sell as yearlings. They will do extra work this year and are solid, quality bulls.

We would welcome any visitors prior to the sale and invite you to call for any additional information we can provide at any time.

We look forward to seeing everyone at the sale.

Feb 13/17 wt: 1375.
EPDs: 8.6 1.2 70.4 99.3 23.7 12.0 58.9

This good blaze face bull has had many admirers. Long, thick and deep are ways he has been described. He also has a moderate birth weight, good disposition, good EPDs and a cow family behind him that just quietly gets the job done year after year. He will be easy to find on sale day and is worth coming to the sale for. DNA tested homo polled.

 email: bigrigsutes@hotmail.com

I would like to welcome all past and future customers once again to another Advantage Bull Sale. This year I feel the bulls I have brought to town are all even and sound in their make-up.

Calving ease was very important in deciding who was going to make the cut. I believe all bulls will calve easy and give their new owners a worry free calving season.

The Suter's

 EPDs: 6.7 4.4 63.0 86.0 26.8 6.9 58.2

Well Houston 1W has struck again with another great bull. This guy has had two half brothers in the sale each of the two previous years. Django is as long of a bull as I have seen in a while and to top it off has the depth of body to go along with it. He has a very modest birth weight of 91lbs and was my heaviest at weaning. Look for him to throw added length to his calves which in turn adds weight in the fall.

This guy is a full brother to my high seller last year. I believe he will work well in the heifer pen. His dam and sire both have high calving ease numbers and with just a 70lb birth weight you will be able to rest easy when the heifers start calving. He is a very moderate framed bull that is built right. He will mature to a good size to be used on heifers thus being able to utilize him for years.

35 SSS DARIUS SILVERADO

 This guy is out of a fancy DFM Marcus cow that no matter what she throws, bull or heifer, you know they will be a keeper. He is a very deep made bull whose temperament is second to none. He is the pen pet who follows you around for a good scratch. Picture day can be stressful on everyone, bulls included! Duke was so laid back that Tyler set his feet up with a stick, stepped back and took the picture. His temperament is good but not to overshadow how complete of a bull he is. I think he could be used on cows or larger heifers as well. He won't be hard to find come sale day as he will follow you around as you walk through the pen.

Welcome to Transcon's 22nd Advantage Bull Sale!

We are bringing 10 Full Fleckvieh Fullblood bulls to the sale this year. Four are out of BEE Vortex 12A. The Vortex bulls were very well received last year. He once again has put together a group of bulls with awesome dispositions. All the bulls have been vaccinated with CattleMaster 4, Ultrachoice 8 and have received Ivomec. They will also be vaccinated with Fusogard before the sale.

If you have any questions about these bulls, give me a call!

Welcome to the 22nd Advantage Sale.

Another year has gone by that was interesting to say the least. All the rain made haying a challenge, cattle prices were up and down but actually decent overall, and the grain side had good yields with poor quality. It all makes life interesting.

This year we have what we feel is a very strong set of bulls with all 21 Simmentals being polled and 13 testing homozygous polled. The main sires are our walking bulls DESS Marc 12Z and MAF Battalion 174B (lead off bull at Meadow Acres Sale). There are also some AI's from Mader I'm a Gangster, Kuntz Sheriff, Red Label and Red Force. All the bulls are big haired and easy fleshing with good dispositions and ready to work.

On the Angus side we are bringing 14 bulls to town with the feature sire again being Red Bar-E-L Ambush 45A. Last year his sons were very well received and this year's offering is just as good with low birth weights and good growth in a well put together package. Have a good look at the pen and you will appreciate how consistent Ambush is. We are also bringing a Black Angus (red carrier) for the first time. He is off our new herdsire, Red Wood Coulee Major Cole 166B, and was too good to leave home. We wanted to show what Cole can do because next year we will have lots of his sons at the sale.

Hope to see you at the sale and at our Open House on March 15th or anytime at the farm.

I also want to thank Eric Boon for organizing the clipping crew and taking the sale pictures when I ran into some health problems and Dwight and Bryce had enough on their plate calving and feeding cows.

Remember it is easier to keep a customer happy than it is to find a new one!!

In my mind 87D is a can't miss bull. His dam, 58S, is our most prolific bull producer with sons at Graham Richardson's, Morland Acres (sire of 24D in sale), L & A Galbraith, Mike & Lionel Ylioja and daughters in herd and at Morland Acres. Have a good look at him.

We debated about putting 95D in the sale being he is black but we figured he was too good to leave home. We don't have many black cows so I AI them and clean them up with the Red Angus bulls. If they all looked like this guy I probably wouldn't bother AI'ing. He is a tank, the youngest bull in the pen and the heaviest with an adjusted yearling weight of 1412lbs. His dam was one of three heifers we picked from Crescent Creek to start a Black Angus herd and she is a no miss cow. Red Wood Coulee Major Cole was their high selling bull and was bought to add some performance to our herd and he is doing everything we could ask for. There will be lots of red sons in next year's sale with birth weights in the 85-100 lb range all born unassisted. We are taking a chance bringing only one black bull to town but think when people see him somebody will want to take him home.

We would like to welcome everyone out to the 22nd Annual Advantage Bull Sale.

We are very proud of the set of 2 yr old Charolais bulls that we are bringing to the sale this year. I feel that this is the strongest group of bulls that we have brought to the Advantage sale yet. Feel free to drop in anytime to look over the bulls. They will also be at SLS a couple of days prior to the sale.

I look forward to visiting with everyone at the sale and thanks for all of the past support. See you at SLS on Saturday April the 1st.

Trevor

Welcome fellow cattlemen

We are extremely excited and proud to take part in our first Advantage bull sale. Not only do we have purebred Charolais cows, we also have a herd of 250 commercial cows. Therefore we understand the importance of calving ease, structural soundness, performance and strong maternal traits. Our number one goal is to produce the most efficient and best live-stock possible, not only for ourselves but for you, our customers. You will note that some of our sale offering are embryo transplant calves, out of some of the best Charolais genetics available. Our bull pen is always available for viewing prior to the sale. We are never too busy to show you our operation. Please accept this as your invitation to our program.

Yours truly
Lionel

97 CBF TIME SQUARE 501C

POLLED PUREBRED MALE PEMC694246 CBF 501C January 01 2015

The dam of these three embryo siblings was the pick of the A. Sparrow Farms heifer calves by Prairie Cove Charolais. She has been used extensively within their program as a donor cow. The consistency between these three bulls shows the power of her pedigree.

**Thank you for attending the
 22nd annual
 Advantage Bull Sale**

**If you can't attend please call any of the
 Transcon cell numbers listed in the front.
 They will be pleased to represent you in a
 confidential and professional manner.**

Terms & Conditions

TERMS - The terms of the sale are cash, cheque, VISA, Mastercard, or Interac, payable at par at sale location. There will be a 3% administration fee on all VISA or Mastercard purchases applied to the buyer's invoice. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INFORMATION SUPPLIED - The information contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Jamesway Enterprises Ltd. assume any responsibility if the information supplied is not accurate.

CATTLE PICTURES - The images in this catalog are believed to be accurate representations of the individual animals. Transcon Livestock Corp. and Jamesway Enterprises Ltd. assume no responsibility if the images as received have been altered.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller.

The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.
