Sales Management Comments

Welcome to the 15 Annual Skor Simmentals Bull Sale one of the Premier Sale Events of the Simmental bull sale season in Canada! Bull season is upon us and this is a must see set of Bulls.

Skor Simmentals is a multi family operation that earns its entire income from this 300+ cowherd. These people are true workhorses that never stop, with a passion for breeding great cattle. Countless hours are spent studying genetics and EPDs to match each female with the most ideal sire, to ensure a high quality offspring. This operation puts a huge emphasis on structural soundness and udder quality so rest assured your purchase today will be out of a front pasture female.

This year I was fortunate to get out to visit with Terry & Debbie and tour the bulls in late January. Wow, what a strong set of balanced Herdsire prospects with many different sires to choose from. You will find many feature bulls by MRL Pretty Reckless, MRL Predestined, Skor Missoula, Red Blaze, Bootlegger and High Roller to mention a few of the sire groups.

Hope to see you in Camrose for Skor Simmentals 15th annual Bull Sale. This is a must see set of bulls from an elite breeding operation! If you are unable to attend give us a shout at Transcon and we will help you build your list of prospective herdsires.

Welcome from Skor Simmentals

A huge thank-you to all our customers and those of you who have supported us over the years. We truly appreciate the confidence you have shown in our program. Whatever your program we are sure that the diversity of the Simmental breed will serve to enhance and strengthen your farm's bottom line.

On that note we are very excited for you to see this year's bulls. Through the extensive use of AI we are able to source some of the best genetics the breed has to offer. As you go through the catalogue we hope the comments we have provided will help you find the bulls with the traits that will work best for you. This year's bulls are probably the most consistent group we have ever raised. Due to time constraints, the footnotes are in point form. We strongly recommend that if you have the time, to make the trip to the farm and see the bulls in their pens. The coffee may not be Timmy's but it's always on.

Please do not hesitate to call. We are more than happy to share what we know of the breed to assist you in your bull selections. As well, Jay and his crew at Transcon Livestock are always available to inform, assess and purchase bulls for anyone that is unable to attend the sale.

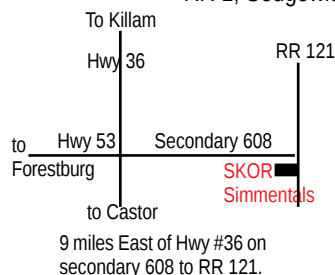

The bulls have been developed on a TMR of silage, hay and non-starch pellets from Wetaskiwin Co-op Feeds. All bulls are semen tested and guaranteed.

The bulls are available for viewing in Camrose, the Monday and Tuesday before the sale but can be viewed on the farm any time before that. We invite you to join us March 8th at the CRE in Camrose. Come early and enjoy the pizza lunch. Hope to see you there.

Sincerely,
Deb, Terry, Tanner, Dale & Nanette
