Sales Management Comments

Welcome to the annual Peace Country bull sale. This year's sale may be smaller in numbers but it's big on quality and value. You as buyers have the opportunity to purchase your bulls from a local group of consignors that are great people to do business with.

The largest string being from Tri K Cattle Co, Keith and Keiran will have a solid set of bulls with all sectors of the breed represented. On my summer tour I was very impressed with the volume and power this set of bulls had in August. They have just kept putting it on.

Albrecht Farms has a super set of red bulls. Steve and Ryan have their strongest set of bulls to date. They are loose made and big topped.

This year's sale is rounded off by KSL Simmental's set of functional extra age bulls, and Cale Toews has three good bulls.

This sale is a great chance to purchase good bulls with tremendous value from great people!

Don't forget if you require any assistance with purchasing a bull feel free to give us a call at Transcon!

Hello and welcome to "Transcon's Peace Country Bull Sale." We are very honoured to be a part of this great Simmental sale, located right in the heart of the Peace Country. We would also like to thank all past and previous customers. 2014 looks to very prosperous to all who are involved in the beef industry, and now, more importantly than ever is the time to add the bull power you need to get the best bang for your buck!

As we go through bull pen this year I have a sense of pride as to see how far our bulls have come since the year before. The progress with our purebreds is rooted from the purchasing of top quality females, not to mention being able to acquire MOOSE CREEK REDLABEL 162Y the lead off and high seller at Moose Creek Simmentals final bull sale. His sire group is truly a testimony to the breeding program that those great people worked so hard on over the years. This year we have a solid group of quality bulls: 14 red and 4 black. All the bulls this year have the attributes to go out into any cow herd and get the job done. Please feel free to stop by, or give us a call to go over any of the bulls or answer questions you may have. Bulls will all be semen checked and ready to go to work.

Keith 780 831-7999
 Keiran 780 933-5637

A late February, black baldy bull who is catching right up with his older pen mates. Out of a good milking rolling JN cow I got a few years back. Sons of this cow have sold to Jim Peel, and Bob & Alice Maas.

17U has produced both structural stability and excellent muscling. 3A is a perfect example of what this cow can do. Long in the rib and heavy in the hip, this bull will sire calves that will perform and add the numbers to the scale. Coming out of a dam with a picture perfect udder and polled genetics to boot.

We would like to welcome you to Transcon's Peace Country Simmental Bull Sale and thank our past year's buyers and bidders for their continued support. We feel that top to bottom this may be the best set of bulls we've had on offer. This will be the first year we will be offering bulls off our walking herd sire, IPU CROSBY 34Y, and what a job he's done. The overall thickness, hair, and natural muscle are portrayed through his calves. All bulls can be viewed on the farm prior to the sale. If directions are needed, please give Steve or Ryan a call. We look forward to seeing you on sale day.

This bull came out of pasture at the end of September and weaned in at 1030 lbs with no creep. He has a lot of performance on both sides of his pedigree. His dam was purchased from Moose Creek Simmentals and always seems to have one of the heaviest calves. Look for this young herd sire to help push down the scales and put money in your pocket come fall.

Welcome to the Peace Country Simmental Sale. We are very excited to be working alongside the other contributors to bring a great selection of Simmental bulls to town. With the help of the outstanding Transcon team and the great folks at Willowview Auctions, your bull buying experience will be second to none.

We are very pleased with the decision to change our calving to April/May and produce the extra age long yearling bulls. These bulls are developed on high forage rations over time allowing them to perform to their fullest capability. With a little extra maturity and size, these bulls should really maintain condition and produce heavy weight steers and top end heifers. Our bulls are raised and bred with longevity and production in mind. Buy with confidence if you're looking for good footed bulls that are going to pay for themselves and improve your maternal traits in your cow herd for years to come.

We look forward to seeing everyone come sale day, or out on the farm to view the bulls at any time beforehand. The coffee is always on! If you have any questions, please call my cell 780-518-6572. We are always available. Thanks to all our past buyers and hope to see you March 24, 2014 at Willowview Auctions.
