TRI K CATTLE

O DOUBLE E SIMMENTALS

KMR SIMMENTALS

WILLOWDALE SIMMENTALS

WELCOME

from the Transcon Team!

Welcome to Transcon's Annual Peace Country Bull Sale. This is Transcon's most northern sale, located at VJV Beaverlodge, This sales' group has cultivated a client base that has expanded across the prairies and the northern United States because of their dedication and commitment to raising quality Simmental cattle.

Tri K leads the way with a tremendous set of bulls this year! This group is strong from top to bottom and all of Keiran and Keith's efforts seem to be paying off. The bull pen is led by the Game Face x Melody 302z brothers and they truly have the WOW effect! Hard to fault these guys sound, hairy, thick and flat out exceptional. You will also find some other feature bulls sired by the walking herd bulls, LRX Denali, Triple T Expedition, BEE Felix and impossible to miss the Perks Killswitch sons, with 8 making the sale. This is a very impressive group so get a close look.

Albrecht Farms have a very soggy, hairy set of bulls this year led by the SVS Tycoon sons. Tycoon has crossed nicely with the Albrecht cowherd. Following, are the sons of the Wheatland Red Express, LFE Heavy Hitter and Beast Mode and Captain Morgan. Whether they are power or calving ease bulls you will find that soft soggy side with lots of muscle shape and hair in the Albrecht pen.

O Double E has a solid set of coming two yr. old virgin bulls. Eldon has developed his bulls to promote longevity and structural soundness. These bulls have the extra age and will certainly be able to handle some cow numbers at breeding time.

Willowdale Simmentals has a solid set of bulls again this year led by an intriguing Epic son. You will definitely find a few heifer friendly bulls in this group.

KMR Simmentals has a couple soft made hairy bulls with low birth weights to get a look at.

If you are unable to attend give any of us at Transcon a call. We are a professional marketing team that will represent you with integrity in a confidential manner.

Hope to see you Sale day!

WELCOME *from Tri K Cattle*

Hello and welcome to another edition of Transcon's Peace Country Simmental Bull Sale. We would like to thank all of our past customers for your continued support of our program. We would also like to thank the programs that purchased our females this fall at the Camrose County Classic Sale. Our bull pen is deep in quality this year, we are immensely proud of the direction our herd is going. We have performance and calving ease bulls in each coat color to suit everyone's needs.

Sale bulls were weaned at the beginning of August due to shortage of grass, but we really like how they have developed since then coming along at just the right pace for the balance of growth and longevity. We have a couple embryo bulls in the offering this year which we believe is a neat addition being able to buy the quality genetics we are trying to build up in the cow herd. New this year we will have five two-year-old bulls that will sell along the yearlings. We have had a lot of people asking for age advantage bulls so we decided to use a date of Feb 25th with any bulls being born after that will be held over for our two-year-old program. Our goal is to maintain an offering of 4-6 age advantage bulls every year going forward. These bulls are held to the same quality standards as the yearlings. They were semen evaluated before grass to make sure they had adequate scrotal for there age at that time. Invest in these bulls with the upmost of confidence.

We invite you out to the farm anytime before the sale to go through the pens of bulls as well as take a tour through the dams and sisters. I think it is a great selection tool to get out and see the mothers to these bulls, so you know exactly what your getting! Look forward to seeing you Feb 26th at VJV Beaverlodge!

See You Sale Day!

*Keith & Kerriley
Keiran & Taryn*

**Annual Bull Sale
Last Saturday of February**

Email: trikcattle@hotmail.com

These Three Bulls are the Real Deal!

Here is a trio of embryo calves that deserve to start out our offering. These are big time beef bulls that offer a ton of merit to the industry. These are the first group of embryo calves we have had at the farm and really proves how it is such a great tool to improve the genetics in your herd in a shorter amount of time! The sire of these bulls is LFE Gameface and he made his mark in the industry with his first sons selling last bull sale season and daughters were topping the sales last fall. The most exciting part of these bulls is their dam.

We were truly fortunate to acquire the 302Z donor from Skors. She is about as powerful of a cow you could make while keeping such a feminine look with the sharp skull structure and pear shape build. For a 'Z' cow she has a top-notch udder and is extremely fertile averaging over 20 eggs per flush.

When I think of the four full sisters, we have in the replacement pen it makes me like these bulls even more. Without a doubt some of the best heifer calves we have ever raised and have no doubt one of them will be able to carry the torch of future donor themselves. If you sell replacement heifers take a good look at these brothers, a drag of black baldies should have no problem topping the market. Long bodied, excellent bone structure, strong footed and good haired.

Retaining the right to in herd semen use on Lot 1 and Lot 3. Tri K would be interested in working with the new buyers for potential spring walking rights or semen interest. Please contact Keiran for more information.

- This Felix sire group is impressive if your looking for fullblood bulls cant go wrong here

Country Junction Feeds is a long-established feed mill with deep roots within western Canada, we are local feed mill in Alberta supporting local farmers and ranchers. Our focus is health, longevity, and overall performance for our client's bulls. Our Right Way Beef Ration is developed on a forage based, high fiber, grain free diet that balances gut health to maximize the bull's full genetic potential. We strive for clean muscle growth, strong feet, and healthy immunity. Within the Right Way Beef Ration, we have incorporated chelated trace minerals for improved body, and proper reproductive development. A balanced nutritional TMR program, herd genetics, has been a crucial ingredient to Tri K Cattle's bull's longevity and success. Tri K bull's hold up and meet the nutritional requirements to thrive on any pasture environment. If you have any questions about the Hodges nutrition program, contact them anytime.

Thank you Keiran, Taryn, kids, Keith, and Kerriley Hodges for your support, Good luck on your 2022 bull sale!

Progressive, Nutritionally Enhancing The Next Generation Of Cattle!
Right Way Beef Ration has 22 years of proven reproductive superiority in purebred cattle, trusted in feeding over 3000 Bulls on 100 top Ranches across Alberta and BC.

WELCOME *from Albrecht Farms*

Welcome to the Peace Country Simmental Bull Sale. We would like to thank all previous bidders and buyers for their continued support of our program and the effort to attend our sale year after year. Come join us on Saturday February 26th in Beaverlodge to check out this great offering.

It's been an exciting year at Albrecht Farms as we have relocated the cow herd to mine and Tara's new farm just NW of LaGlance. The family and I have spent numerous hours building, fixing, and cleaning, to make it our own and were very happy with how everything has turned out. The cows have settled in nicely and the first calves have started to hit the ground. The LaGlance community has been incredibly welcoming to myself & family, with a great group of neighbors surrounding us. Lukas & Benson are very active with hockey and have made so many new friends at the LaGlance school. Elliana has started skating and wants to play hockey just like her brothers.

Albrecht Farms has been an active breeder of red & black Simmental for over 25 years. Our program emphasizes in using quality genetics that breeds for soundness, temperament, udder quality and longevity in the rugged terrain we live in. Our bull sale offering this year consists of 9 reds and 4 black bulls all out of highly functioning cows from proven genetics. We have a good mix of bulls coming from our walking herd sires, ET program, along with some breed leading AI sires. If you're looking to add calving ease, maternal traits, or simply add some more power to enhance your cow herd I think you'll find something that meets your needs.

All bulls can be viewed at the farm prior to the sale. If you are unable to attend the sale, give Ryan or Steve a call and we can answer any questions you may have. We also encourage you to use the Transcon Team for any assistance you need in finding a bull to meet your needs. Please join us for a complimentary lunch prior to the sale and after the sale for socializing and refreshments. We look forward to seeing you on sale day!

Homo Polled

RST Big Shot will lead off our red division this year and for good reason. He's a big-time herd bull prospect that is long bodied, big middled, soft made, great footed and has that herd bull look. His sire SVS Tycoon has made a major impact in the last couple years and was feature lot for Sunny Valley commanding \$75,000 sale day. The dam of this young herd bull prospect is just starting to make her impact on the breed. MAF Sprinkles 189E is the \$25,000 donor female that walks the pastures of Rainbow River Simmentals in Manitoba and we were lucky enough to purchase an embryo package on this mating and boy did it click. The two full sibs to RST 5J headline our replacement pen and the full sibs at Rainbow River were high sellers in both their female and bull sales. I'm excited to see what the future holds for RST 5J.

Homo Polled

RST 33J is out of our only daughter from our 19A donor cow. RST Daisy 18D has a flawless record to date, producing four registered progeny. Her first son was a feature lot and our high selling bull going to Blushrose Simmentals in Sask, her second sold to KMR Simmentals in Grovedale, the third was a daughter we retained in our herd and finally RST 33J. The Tycoon sons are very similar in type, big middled, hairy, strong footed and have lots of length. During a bull tour last spring, the Tycoon sons were one of the best sire groups I seen. With the pedigree on this bull he should provide a ton of versatility in any program.

Polled

Here's a cherry red, hairy son out of SVS Tycoon that comes in a moderate framed package. His dam is another one of those good IPU 34Y daughters. The maternal cow family on 26J has been very productive for us over the years with multiple daughters in production.

Homo Polled

RST Bounty Hunter is a CE prospect that is fined boned and would work well in the heifer pen. The dam of 31J is a good young cow that is solid red and has a perfect udder. His sire WLB 491E was our heifer bull for multiple years, CE on both sides of the pedigree and a 69lb BW, the guess work is done.

37

Homo Polled

Express Train is a natural son out of our donor dam RST 19A. She has produced feature sons in our past 4 bull sales and seems to never miss. RST 25J is cherry red, wide topped, good footed and has a great hair coat. He's a direct son out of the \$110,000 Wheatland Red Express who was a feature lot from the great Wheatland program.

Homo Polled

Here's another cherry red, hairy son out of Wheatland Red Express that comes in a CE package. His dam is turning into a productive cow, raising back to back sale bulls and is double bred CE. RST 13J would work well on young cows.

40

Homo Polled - Hetero Black

Here's a powerful feature black bull that is a result of our ET program. Big Papi is long bodied, big middled, good haired, big footed, awesome muscle definition and has big scrotal. RST 3J was the heavy weight this fall weaning off at 970lbs and really puts it together in a total package. His donor dam comes from the respected Mader Ranches program and produced our high selling bull last year to Lee Svederus of Eureka River. Take a good look at this young herd bull prospect and all he has to offer.

Homo Polled - Homo Black

RST 28J is a full sib to one of our feature lots in our 2021 bull sale selling to Wolfe Lake Farms in LaGlance. Another bull that would work well on young cows. RST Beast mode is in the top 10% for CE and MCE.

41

42

Polled/Scurred

A feature Captain Morgan son that is solid black, good haired, big footed, has a big soft middle and big scrotal. Captain Morgan is the \$190,000 phenom and is without a doubt one of the most influential sires in the Simmental breed who has impacted so many programs. His dam is a powerful, solid black, brood cow that produces one of the heaviest calves every fall. Weaning off at 950lbs, RST 18J won't be hard to find sale day.

Homo Polled

RST 6J is solid black, hairy, big nutted in a moderate frame package. His dam was a very productive brood cow with an awesome udder who we lost to injury this year. Multiple bulls have been sold though this sale including our high seller in 2017. Take advantage of these proven genetics as you'll want to keep as many females out of RST 6J.

43

WELCOME *from Willowdale Simmentals*

We are pleased to be part of another Peace Country Simmental Sale with the great Transcon Sales Team.

Our family farm focuses on homozygous polled red and black Simmentals. We have a great selection of top end yearlings and a couple of 2 year olds. The feeding program remains the same as in past years, a home based hay and grain ration. With this year's weather, quality and quantity of grain varies from one supplier to the next. These bulls are not over fed, have moderate birth weights and display sound conformation.

We have brought a good mix of bulls, from our three walking herd sires, along with AI bulls. All bulls are semen tested and guaranteed to be satisfactory breeders. We have a full herd health program. All bulls can be viewed at the farm prior to the sale.

For more information about individual bulls call Dale or Kent. We look forward to seeing you at the sale.

This is a homo polled, dark red, moderate framed outcross Willowdale bull. We used some semen from **RF Merchant**, a calving ease, black white face Broker son to get these dark red bulls. This bull has loads of potential. He is built right, moves on good feet and legs. His dam is from the **Zeola** cow, family to a cow purchased from **Garth Cutler**. **50J** has above average EPDs for birth weight and calving ease. Use with confidence on all types of cows.

WELCOME from KMR Simmentals

KMR Simmental's is a family operated purebred cow calf operation based out of Grovedale Alberta. Our goal is to provide the type of cattle the commercial cattleman desires. Easy doing dams with growthy calves is what we strive for. Our family enjoys every aspect of the business from marketing and sales to the day to day operations. Our children all love to show and are very involved in 4H. We feel this kind of upbringing cannot be replicated!

Thanks for taking time to look at our cattle and we are looking forward to seeing you on sale day.

A standout since day one this bull puts together some elite genetics and carries a phenotype to back them up. This embryo calf is sired by the great Captain Scream who has been extremely impactful in our breed and going back to the great Linette cow family, 823U herself was the high selling female out of the Black Sands dispersal. Scream is a sure fire breeding specimen! If you wanting to make replacement females or growthy steers this is your guy.

This guy has always been one to catch your attention since a calf, hes always had a look and style that caught your eye. 17J is a blaze faced, moderate and soggy type of bull with a tonne of hair, Auston is a real head turner. Auston is a son out of our Killswitch x Rampage bull we walked for a few years, He was bomb proof in the heifer pen but could still raise a marketable calf. His full sibling was our high selling red last year to Barry Schram at Northhill Simmentals.

WELCOME *from O Double E Simmentals*

House phone: 780 356-2113
 Elden cell: 780 518-3536
 Email: odoublee@hotmail.com

Another year has flown by once again, and it is an understatement to say the least that we all have found it to be a trying one. Between the drastic weather fluctuations and government restriction, we are still able to offer you another pen of bulls to choose from. All calves are weaned at the same time which is why the actual weaning weights are lower on the younger calves. These bulls have been grown out naturally so they can go out and work. We have a little bit of all sides to offer this year from fullbloods to purebreds, a few reds and a couple of blacks as well.

We would like to thank all our past, present, and future buyers, and look forward to seeing all of you on sale day. Please phone if you have any questions or stop by the farm to see them firsthand. The coffee is always on.

Elden, Ole, Einar Bakkehaug

Here is yellow haired, thick, and quiet bull. Perfect feet under him as well. This bull did end up with scurs, but that does not take anything away from his genetics - lots of milk and growth!

Make Mr. Huck your next herd builder.

58

This polled guy has all the makings of a strong herd bull. Deep, smooth haired, quiet, and tops the pen for weight right now. His calves will push down the scale for sure come weaning time. This was a good cross with his Adonis dam.

Dark red, blazed, polled bull with good feet out of a solid first calver. His dam was a quiet cow and it sure passed down to him. Not only is he an easy calver but will put the pounds on his calves.

A lighter red, polled bull with good feet. His 70 BW makes him an excellent candidate for being used in the heifer pen. His dam and grand dam are both thick animals with good feet and udders.

* Denotes Multiple Purchase

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE - Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS - There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS - All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.
CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN - Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller. disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
