Welcome to Our Sale

Welcome to Labatte Simmentals 42nd Annual Spring Bull & Female Sale, Friday, March 4th, 2022 at Johnstone Auction Mart, 4 miles west of Moose Jaw, Sask on north side of #1 highway.

We would like to thank again all the bidders and buyers from our past sales. Many of our buyers are not just our customers but have become our good friends. Many of our commercial customers run great operations and we as purebred operations need to listen and learn from them. We're still in the Covid 19 era, will it ever end? Hopefully soon! We're so lucky to be in agriculture, live where we do, in the wide open spaces, doing what we normally do every day. Cattle prices remain strong as those big Simmental steers are bringing lots of dollars. A good friend of mine sold his steers the first week of January, they averaged in weight 850lbs-1000lbs and brought \$2.00/lb to \$2.015/lb. That's making money.

We welcome again our guest consignor East Poplar Simmentals, Kyron & Kelsey Manske. This young couple are doing a great job with their program. They're focused on raising the right kind of cattle for both the commercial and purebred breeder. We're so lucky in the Simmental breed to have these young producers that are moving the Simmental breed forward and making them even better. Kyron & Kelsey will be offering 18 of their top red & black bulls in this year's sale.

Our offering again will consist of Red, Black and Fullblood Bulls and ten top quality Red & Black open heifers. Our red pen is the strongest it's ever been with top groups of bulls sired by WLB Top Tier 456G, a calving ease bull with performance and eye appeal, SVS Betts 808F, performance filled with meat and muscle and again some strong WLB Encore calves. The blacks led by sons of the \$150,000 R Plus Yuma 9087G bull are smooth made and performance minded. Also, the first calf crop of our high selling black baldy bull from our 2020 Bull Sale, IPU Black Cinch 95G. They are mostly blaze faced and full of performance. A new feature this year in the black division are two excellent half-blood bulls sired by SAV Rainfall. The fullbloods, dark red & goggle eyed, all diluter free and some polled are sired by the outstanding bulls Black Gold Elevation 20E, Anchor D Outlook & Sunny Valley Canon. We think a very strong group.

Again, we invite you to our 2022 Annual Bull & Female Sale. Our 42nd edition, on Friday, March 4th at Johnstone Auction Mart, Moose Jaw, SK. The sale will be a live auction sale and also carried on the INTERNET THROUGH DLMS (Mark Shologan at 780-699-5082) The bulls will be available for viewing on Wednesday, Thursday and sale day Friday at Johnstone Auction Mart. Even better yet come to our farm and see the bulls & dams prior to the sale. The coffee is always on. If you have any questions on the offering call myself at 306-815-7900 or Kyron at 306-267-7530. We'll try and answer your questions and go over the bulls with you and recommend which bulls we think would work for you and your program. Or call any of the knowledgeable sales staff to evaluate the bulls and heifers for you.

We at this time would like to acknowledge the retirement of some of the most important for the success of our many sales. Bob & Heather James, who have made many, many of our sale catalogues, their work and professionalism was an A++. Great to work with, would do anything for you and never complain. Enjoy your retirement, it is well deserved. Also retiring are Wilf Davis & Marnie Somers. Wilf has done my pictures for over 20 years. Wilf and Marnie have done my ads for years and Marnie has done our website. They will be greatly missed, but there comes a time when it's time to slow down. I've known Wilf since I started in the Purebred Simmental business, he's been my mentor, advisor etc. But most importantly he's been one of my very best friends, a friendship I cherish very much. We'll still do our weekly calls and visits. Wilf & Marnie, enjoy the less stressful years ahead and all the best to you in health and happiness.

P.S. Grandkids are all doing great. They're busy with school, hockey, basketball, 4-H and riding club. We're just so lucky to have all six of them living close to us.

Sale Headquarters:

Ramada Hotel, Moose Jaw, SK

Tel: 306-693-3050 (North of Tim Hortons)

Rooms are reserved under Labatte Simmentals.

Sight Unseen Purchase Program:

If you are unable to attend the sale but are interested in our bulls give Barry or Kyron a call and they will personally go over the bulls and your program with you. They will recommend which bulls they think would meet your satisfaction and refer you to one of their sale staff.

In-Herd Semen:

LaBatte Simmentals & East Poplar Simmentals reserve the right to collect semen on any bull sold through this sale. The semen collection will be at the seller's expense and the buyer's convenience. Any semen collected will be for in herd use only.

**Barry & Brenda LaBatte
Lynlee, Hayley LaBatte & Boys**

Box 72, Gladmar, SK S0C 1A0
Barry cell: 306 815-7900
Brodyn cell: 306-815-7804
email: labatte.simm@sasktel.net
website: www.labattesimmentals.com

Health

All bulls will be scrotal measured and palpated. Bulls over 12 months of age at time of testing will be semen tested. **Bulls under 12 months of age at time of testing will be semen tested prior to delivery.** Weights will be posted sale day. All bulls and heifers were given CattleMaster 4, Somnustar PH and Fortress 7 in June and boosted with same in September. All were treated with Ivomec Pour-on in September and January.

Delivery

At the buyer's option and risk, LaBatte Simmentals and East Poplar Simmentals will take the purchaser's bulls home, feed them under their management and deliver them FREE anywhere in the prairie provinces to your nearest central location. We will do our utmost to deliver them right to your yard. Delivery will take place between April and the middle of May. For bull buyers outside the prairie provinces, bulls will be delivered at a reasonable charge. The bulls are the property of the buyer as soon as they are sold. Therefore, buyers must insure their animals for the time they are at LaBatte Simmentals and East Poplar Simmentals. The heifers will be delivered as soon as possible after the sale.

US Delivery

For our **U.S. buyers** that live in the Dakota's and Montana, we offer free delivery to central points and if possible right to your yard. For bulls going to other destinations we will work with you making arrangements. We look after and pay for all paperwork crossing the border and do offer a sight unseen purchase program.

Internet Bidding Available

If you are unable to attend our sale, please join us by viewing the sale live online at **www.dlms.ca**. For more information and help getting approved for bidding, contact **Mark Shologan 780 699-5082**.

Videos Available

Videos available in mid February at **www.cattlevids.ca**, **www.transconlivestock.com** and **www.bohrson.co**.

Guarantee

All animals will carry the standard breeding guarantee as specified by the Canadian Simmental Association. At no time shall the seller's liability exceed the purchase price of the animal.

Terms and Conditions

The sale will be conducted under the standard Johnstone Auction Mart Ltd. Terms & Conditions.

Accidents

Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

HOMO POLLED

We're starting this year's catalogue with an outstanding son of IPU Pocahontas 2Y. This Scream calf has been a standout from birth. He's dark cherry red, has a huge top and butt, lots of testicles, deep ribbed and a herd bull presence. He had a nice low birth weight of 86lbs, a gestation of 279 days and an actual weaning weight of 970lbs. He has it all, impeccable pedigree, meat and muscle, colour, size, all in a dark red package. Definitely a sale feature.

HOMO POLLED

This is the first one of the SVS Betts 808F sons catalogued. We believe our Betts sire group is one of the best set of red bulls we've ever offered. They're so uniform in type, huge muscled, deep, great hair and testicles and style to burn. This smooth made son is mothered by an own daughter of the great Pocahontas 68M cow. She's sired by Crosby and is dark red and has an excellent udder. This calf has a lot of future in him and will be noticed sale day.

HOMO POLLED

Another really good Betts calf off another Pocahontas 68M daughter, a really good Vegas, nice uddered female. Our Pocahontas cow families are highlighted by IPU Pocahontas 105H, IPU Pocahontas 68M and IPU Pocahontas 2Y, all going back to the great Hart Red Chief bull. This Betts son is very smooth made, nice fronted and attractive, long, big nuttid and has good size. He started off at 90lbs and weaned at 930lbs. If you want to put some style and performance in your calves, 39J should be one of your choices.

HOMO POLLED

Our first of the WLB TOP TIER 456G sons. We couldn't be more happy with the Top Tier progeny, from calving ease to very saleable bulls and heifers. We partnered with Circle 7 Ranch & Bohrsen Marketing and purchased this great red baldy bull as the high seller out of the WLB program in 2020. To date we haven't touched a Top Tier calf at calving. All born unassisted, lots of vigor and get up and go. 56J started at just 72lbs and has grown into a great haired, long, smooth herd bull. He could definitely be used in the heifer pen or the cow herd.

HOMO POLLED

One of our favorites again. This stylish Betts son is full of meat and muscle. He has a great haircoat, super thick and deep, has a little white on his head to sire some of those baldy calves that are so in demand. His mother is one of our favorites also, we purchased her out of the Sim Power sale from the great people from Westway Farms. She has a great udder and is a producer. Her first calf, a bull, sold in our 2020 sale to Leewood Ranches, AB for \$18,500, her second calf, a red Bentley daughter, sold to W2 Farms, SK in last year's sale as an open heifer for \$8,500 and is in their transplant program and this year we have this super Betts son. He's the real deal, herd bull in the making.

*Congratulations
Andy!*

Congratulations to the Deep South Animal Clinic owner, Dr. Andy Acton, on winning the 2022 Boehringer Ingelheim WCABP Veterinarian of the Year Award.

An Award given to a veterinarian with a history of service, dedication and innovation in Veterinary Practice, the cattle industry and Bovine medicine.

Proud to say he is my good friend. He's played a major part of whatever success Labatte Simmentals has had.

A really smooth made, moderate framed bull out of WLB Encore. His group of bulls in last year's sale were very well accepted by the commercial industry and sold very well. A lot of those bulls went into some very good commercial operations. His mother is a really nice uddered young Red Century daughter. 61J should sire those soggy, easy doing steers that the order buyers will pay a premium for.

Another really good WLB Encore son out of a great Kuntz Sheriff cow going back to the Pocahontas 105L cow family. She has sold three bulls already through our bull sale including the \$28,000 Dillinger son that sold to Lockhardt Valley Ranch, the Robsons in Alberta. That bull has done a great job for Lee, Tina & Hannah. Also, Triple T Ranch, Rob Toney has two Code Red sons off of 90C. 71J is dark red, thick, a great quarter, smooth made and has a great set of EPD's.

A great haired, thick made son of Betts again. They are like peas in a pod with their thickness, capacity, haircoats and style. The mother of this really good bull knows how to produce. Her first calf, a heifer sold at our 2019 Simmsational sale, where she was the high seller of the sale to Mader Ranches, Wilson Stock Farm and Bohrsen Marketing for \$28,000. Her next calf, a bull, sold through this sale in 2020 to Doug Krepps, SK as one of the high selling bulls and last year her bull calf sold to the Stolsons at Hodgeville, SK, one of the premier commercial operations in southern Saskatchewan. 76J would sire some great steer calves and replacement heifers. They would be the right kind.

HOMO POLLED

A meat machine is what 78J is. You've got to stand behind him to appreciate the top, meat and muscle he has. He's been one of our favorites since day one. You don't see many bulls with the quarter he has.

A full brother sold in last year's sale, also a blaze face to the Stolsons at Hodgeville for \$12,500. Betts and Brooklyn really click. We have a good Red Deputy daughter off 77D in our herd who weaned off a great Betts heifer calf this fall. Mr. Beef is named appropriately as he is a true beef machine. We plan on drawing semen on him and using him in our program. He is a definite sale feature.

HOMO POLLED

Another really good Betts bull going back to the Temptress Clair 12R cow family. 85J's mother is a black El Tigre cow out of Clair 12R. She is a big powerful cow, easy fleshing and eye appealing. 85J is really dark red, great hair coat, lots of quarter and rib shape. Betts calves have that look to them, they're very nice fronted and eye appealing. This guy would sire an outstanding set of replacement heifers and some whopper bull calves or exceptional feeder calves.

HOMO POLLED

Here's a really good baldy bull out of a first calving IPU Lieutenant daughter going back to the Pocahontas 105L cow family. He's great colored, long, super haired, stylish, big nutted and has calving ease EPD numbers that should make him work in the heifer pen with his 82lb birthweight.

In Top Tier's progeny we have never had to assist a heifer or cow calving. 93J will add hair, muscle and meat, length and good temperament to his offspring. What a set of heifers and steers 93J will sire plus adding the money stripe on some of his calves.

HOMO POLLED

Sale feature -This SVS Betts son is one of the best we've ever raised. He's super thick, big topped, has a great haircoat, attractive and has that herd bull presence!

He is mothered by an excellent LFE Vegas daughter out of the matron cow Pocahontas 105L. We were so lucky, the last time we flushed 105L we got 5 embryos, we put them in and got 3 pregnancies. All three were heifers IPU 2D, 8D and 10D. All really productive cows.

We believe 96J is a real stud and we plan to use him in our program through in herd use semen. He's the right kind and will sire those soggy, thick herd bulls that your commercial customers so desire.

HOMO POLLED

A really good Top Tier son out of a very good young Kuntz Sheriff daughter that has a beautiful udder. These Top Tier calves have really turned out, he is a different breeding bull, both bulls and heifers are excellent. This 105J bull has muscle, meat, length and a great haircoat. He will calve but also put some muscle and meat and hair into his calves. He has a great EPD profile being a trait leader in 12 of 13 categories. Just an all around good bull.

Our oldest granddaughter Emry and horse Chance. She's loves horses and animals in general.

WLB TOP TIER 456G - SIRE OF LOTS 4, 12, 14, 16, 18, 19, 21 and 37.

HETRO POLLED

A dark red SVS Betts son out of a really good Red Deputy daughter that possess a great udder and she is a producer. Her first son, an Approval sired bull sold to Reitan Holdings, Corey & Carly Petterson of Gladmar. Corey has bought over 50 bulls from us over the years. He loves his cows and if you ever need any trucking done, he has cattle ground loads, end dump trucks and super B grain trailers. Her second calf an Encore bull sold in last years sale to the Stolsons at Hodgeville, a very aggressive commercial operation and big farm operation and now this year she has raised this very good "Betts" bull who is dark red, long, deep, structurally correct, good haired and will sire some very desirable calves.

HOMO POLLED

A cherry dark red son of Top Tier with a little chrome on his head. He's super deep, loose made, has a very nice set of EPD's and mothered by a beautiful uddered Westcott cow going back to the IPU Pocahontas cow families that influenced our herd. The Hart Red Chief females were the best, maybe rivalled by Liner 56U and Springcreek Lotto.

**\$11,000.00****Lot 21 - 177J****\$13,500.00****Lot 22 - 188J****HETRO POLLED**

This March baldy bull is a commercial man's kind of bull. He's deep, thick, is a baldy and has great performance. He had a 84lb birthweight and an adjusted weaning weight of 936lbs, ranking him #3 out of 42 others.

His mother is another one of those Captain Scream and Pocahontas 68M daughters. We're really happy with the Captain Scream daughters we have. They're good uddered, have milk and raise performance bulls and heifers.

This 188J bull should sire quite a group of steer calves, the kind the order buyers will fight over and his females should be awesome.

HOMO POLLED

A really good middle of March MR EXCEED son we missed him on picture day, but will be on video. Exceed was a black son of SVS Brooks out of a well made, good uddered black daughter of R Plus Reload. 196J came out red so he is for sure a non-diluter, which means you can breed black cows to him and the calves will be either black or red, no grey's. 196J is very sharp looking and has lots of capacity for his age. We believe he would work in the heifer pen too.

**OUT**

100 % FULL FLECKVIEH - NON DILUTER

141F has a sale feature bull again. In last year's sale, her good Battle Cry son sold to Pinecreek Simmentals and 619 Land & Cattle (Kyle Westman) for \$15,000. He was our high selling Fullblood bull. This year's bull calf is outstanding again, he's dark cherry red, big goggles, deep, thick, long, stylish, has black hooves and a herd bull look. He started off with a 90lb birthweight and weaned off at 920lbs.

Now to his mother! I can't say enough good things about her. She's the ideal cow. Cherry dark red, huge goggles, perfect uddered, just very complete cow, the kind you would want your herd bull to be mothered by. Circle 7 and us bought her out of the Border City Sale as a bred heifer from Black Gold Simmentals for \$23,000. She's worth every dime of that. She'll be going into our transplant program this spring. 9J is a special bull with performance, is smooth made and has that herd bull presence about him.

Consigned by Labatte Simmentals and Circle 7 Ranch

POLLED FLECKVIEH - NON DILUTER

This many generations Fleck bull is very interesting. He's a Simmental bull with the Polled Hereford look, feather neck and all. If I had a commercial Hereford herd this bull would be high on my list. What a group of heifer replacements he would sire and the demand for those heifer calves would be off the chart. I remember seeing, forty years ago, at Double RN Ranch a set of half blood Hereford-Simmental cows that to this day might be the best and most consistent commercial cows I've ever seen. Take a good look at 64J, there's a lot of opportunity in him.

BLACK GOLD ELEVATION 20E - SIRE OF LOTS 25, 26, 29, 33 and 34

FLECKVIEH - NON DILUTER

A powerful Elevation son out of a high producing Westgold Stand-out daughter. Zora 10C has raised a top calf every year including a \$23,000 bred heifer to Bar M Simmentals in Gillette, Wyoming, a full sister to this bull. We have two of her daughters in our herd also.

Elevation 104J is a powerful meat machine. He's thick, deep bodied, loose made and attractive. He was our #1 high indexing weaning weight bull with an actual weaning weight of 1025lbs and a 200 adj weaning weight of 951lbs. If you want to add pounds to your weaning weight and sell your calves for high dollars - this is the bull that can do it.

Janalee and Lynlee feeling nostalgic with their High School jackets at Christmas time.

POLLED FLECKVIEH - NON DILUTER

A definite sale feature! We're really excited about this Battle Cry bull. If the industry is looking for a super made, attractive, calving ease bull, here he is. He's smooth polled, dark dark cherry red, black hooved, really smooth made through his shoulder, adequate muscle, very attractive. He has a 82lb birthweight and mothered by a beautiful uddered polled Mr Adonis, 2 yr old, who's the exact same colour as him.

Kelly Oberle and ourselves purchased her as a bred heifer from Black Gold for \$27,000. Money well spent. I believe this polled Battle Cry son has a world of opportunity. There would be a great potential in selling semen on him. We ourselves are going to collect in herd use semen on him and breed all of our 23 fullblood open heifers to him and maybe a few black and reds too. If you have any question on him give me a call.
 Consigned by: Labatte Simmentals and Circle 7 Ranch

POLLED FLECKVIEH - NON DILUTER

An attractive Anchor D Outlook son out of a young Black Gold Bridge daughter. This polled young gun Fleck is long bodied, deep quartered and has a great haircoat. He has an excellent disposition and is very stylish. 111J would sire a great group of purebred calves or commercial calves. His daughters would make excellent replacements and if you wanted to sell some, they would be very marketable. Pol Outlook has nice calving ease numbers and he himself ranked 8 out of 42 contemporaries for adjusted weaning weight.

POLLED FLECKVIEH - DILUTER CARRIER

A real soggy made Canon son out of a very good Polled Wrangler daughter. This guy is full of meat and potatoes. Very deep bodied, loose made, good quarter and double goggled. He does carry the diluter gene, which means bred to black cows you could possibly get a few grey calves. Best put him on some traditional Simmentals, Red Angus, Hereford or Char cows and wow! I think he would add pounds and performance, his calves would bring premium prices at the auction mart.

FLECKVIEH - NON DILUTER

This many times Fleckvieh bull is as deep and thick as they come. He's been a favorite of ours since a young age. His good dam has produced two bulls that were purchased out of our bull sale selling to Belle Plaine Colony, a Solstice son and in last years sale a full brother to 139J another really good Elevation son. Calves sired by 139J are going to add pounds to your weaning weights, which means more money in your pocket. He's a bull to be sure to look up sale day. He'll be easy to find.

HOMO POLLED - HETRO BLACK

We're starting off our black bull section with a couple of awesome calving ease bulls. Bulls that were low birthweight but still performed well and were sired by calving ease bulls. This High Roller 25J bull was born at a 80lb birthweight, unassisted, but had an excellent weaning weight of 890lbs off a first calf heifer.

His EPD's are off the chart, from top 15% of the breed for calving ease, top 10% for birthweight, top 15% for weaning, top 35% for yearling and on & on. He's in the top 50% of the breed in 12 of 13 traits. He's very attractive, nice headed, deep bodied, smooth, has great hair, homo polled and homo good.

HOMO POLLED - HETRO BLACK

This is a bull we've been high on for a long time. He's our only black Top Tier bull, but a really good one. We are kicking ourselves for not breeding more black heifers to him. Top Tier puts performance and capacity in his calves, both bulls and heifers. 26J started out with only a 74lb birthweight, 282 gestation but grew into a weaning weight of 845lb off a first calf heifer.

The mother is a Mr TR Hammer 308A daughter going back to the LFE Sheila 82A cow. One of the boys showed her in 4-H in 2020. This Top Tier bull has a lot of potential, with the little white on his head, his depth and muscle, style and pedigree. He too has a great set of EPD's.

Something new to our sale is selling a couple of black ½ blood bulls. We thought we'd start by just breeding 4 or 5 heifers and see how it would work. Wow! Did it ever with these two bulls. The SAV Rainfall bull was recommended to us to use on heifers. We saw Rainfall progeny at the great SAV sale, where there were many really good sons in the sale. In fact the high seller that year was a Rainfall son selling for over \$400,000. The 31J bull is homo polled and hetro black and was mothered by an excellent black Lieutenant daughter going back to the Temptress Clair 12R cow family. He's deep, long, stylish with a very nice head and excellent quartered. The 32J bull is homo polled and homo black and goes back to our D Bar C Black Satin cow family. He had excellent performance and has a great set of EPD's. Both of these bulls are quite similar in type, big topped, big quartered, lots of capacity and style. If I were buying black bulls this spring these are two I would look at seriously, I might just sweep the ring.

HOMO POLLED - HOMO BLACK

Clayhill Fancy Luca 39A has raised one of our top bulls again. She's also the mother of the \$92,000 IPU Bentley 81F bull that we sold in our 2019 bull sale to Jaydawn Farms at Sexsmith, Alberta. Jason has done really well with the 81F bull. 81F has bred very well for him and the industry. Jason sold semen packs on him, semen at special events, US semen rights and just recently sold Bentley 81F for \$36,000 to Perkin Land & Cattle Co. He has been a very good investment for Jaydawn.

Now all about 39A's Yuma bull in this year's sale. He's a long smooth, deep and very attractive. He has a perfect blaze face and is homo polled and homo black. There's lots of opportunity in 87J.

HETRO POLLED - HOMO BLACK

A good Yuma son whose dam is bringing her third straight bull calf to our bull sale. Her previous sons have sold to Frischholz Farms and the Hauglands, Blooming Prairie Simmentals in North Dakota. This Yuma bull is very complete, good haired, lots of depth and has a real nice set of EPD's.

R PLUS YUMA 9087G - SIRE OF LOT 46

HOMO POLLED - HETRO BLACK

A feature black bull sired by the \$150,000 R Plus Yuma 9087G bull out of the matron cow here IPU Pocahontas 2Y. He's a maternal brother to the stout Lot 1 bull, both embryo calves. This fella is so smooth made through his shoulder and neck. Has a great profile, very nice head, long, deep, great haired and super stylish. This is a bull I wouldn't be scared to breed heifers to. Yuma himself calved very good. Never touched a one, his dam Pocahontas 2Y takes birthweight out also. He'd be a neat package to turn out or A.I. your heifers to. Be sure to look him up on sale day.

HOMO POLLED - HETRO BLACK

This 7/8 bull is a good one. He's super thick, soggy, big topped, great hair, moderate and has a nice moderate 86lb birthweight. We purchased his ¾ mother in the WLB dispersal last year in the fall of 2020. She was one of our picks of the WLB cows and as an added bonus was bred to the great WLB John Wayne bull. When we went to the sale we had good intentions of buying John Wayne but he sold a little higher than we wanted to purchase him for. The John Wayne bull is very huge topped and has a very impressive huge quarter. This 145J son is very similar in type to his father. He would sire an exceptional group of steers and replacement heifers.

HOMO POLLED - HOMO BLACK

A really good baldy Black Cinch son out of a great old Springcreek Lotto cow who knows how to produce the good ones. She is the dam of the IPU Resolve 114D bull. Deeg Simmentals and Muirhead Cattle purchased out our 2017 bull sale. He has done a great job for them. She has daughters in the purebred herds of Springcreek Simmentals, Dana & Megan Johns, a daughter in our herd, also two bulls to great commercial operations at Aldentaler Farms and Abraham Farms in South Dakota. These Lotto cows are great producers.

HOMO POLLED - HOMO BLACK

Another stout son of Black Cinch. His mother is a Bentley daughter going back D Bar C Black Satin 680S cow family that has done such a great job for us. When we sold the old Satin 680S cow her udder was still perfect.

We really like this calf a lot, he's solid black with just a nice white blaze down his head. He's thick, strong topped, attractive and great haired. He would raise some great bulls, steer and heifers. Would love to have a set of commercial heifers just like him with his performance, colour and hair. Can't imagine if you had a set of bred heifers to sell out of him, how valuable they'd be?

HOMO POLLED - HOMO BLACK

A really stylish young baldy calf that was raised by a black baldy Bentley daughter who was a full sister to IPU Bentley 81F. She was the pick of our 2019 born heifer calves, we bred her to Cowboy Cut and she had twin baldy bull calves born unassisted. 155J who she raised and 156J who a Holstein raised along with two other calves. We had unfortunate bad luck with the two year old 44G heifer, due to an injury had to sell her this past fall. This calf is super clean fronted, very attractive and has an excellent pedigree. I wouldn't be scared to use this bull in the heifer pen, yes he's a twin with a 78lb birthweight, but he is so smooth shouldered, nice headed, long necked. I wouldn't be scared to take a chance on him.

HOMO POLLED - HOMO BLACK

The mother of this really good Bounty Hunter bull was purchased out of the great WLB dispersal at the end of November 2020. She was one of our topped ranked cows and we're really happy to get her. The same day her bull calf at her side was the top selling black bull calf, a real performance bull. She was carrying this really good Bounty Hunter bull calf and he has really turned out well. He was 96lbs at birth and 865lbs ranking him 5/18 in his group. He's super good made, has frame and substance and a beautiful haircoat. If you're looking to add some frame and weaning weights, take a look at this bull, the more pounds at the auction mart the more dollars in your pockets.

HETRO POLLED - HOMO BLACK

Another one of those soggy Yuma bulls that is one of our favorites. Yuma really sires the nice front ends in his progeny, clean necked, nice headed and stylish. This bull really has the look, he is deep bodied, good quartered, good hair and has a great disposition. He's mothered by another one of those great producing Lotto daughters. With Lotto, Springcreek Liner 56U, Crosby and Mr Beef in his pedigree I would be keeping everyone of his daughters. He'll add that important thing to your calf crop "Pounds". He himself ranked 1/18 in his group for adj. weaning weight. I think this bull is the right kind and type for all commercial cattlemen.

Sierra the fisherman (girl) in
our family

Welcome from the Manske's

Kyron, Kelsey, Embrie & Eva Manske
Box 456 Coronach, SK S0H 0Z0
east.poplar@simmentals.com
306-267-7530
www.eastpoplarsimmentals.com

Welcome to the 42nd Annual LaBatte Simmentals Bull and Female Sale. Another year and another bull sale we are excited about! As always, thank you to Barry and Brenda for having us as the guest consignor.

2021 was a year of challenges, especially with the drought throughout Western Canada. It has really shown the resiliency of the Canadian Cattleman and their ability to adapt even in a disaster. Many hard decisions were made this year for a lot of operations, but ultimately cattlemen and ranchers will persevere, and this drought will end. We were fortunate to have received a bit of rain and managed to get enough feed for the winter put up. Looking to the future things look very positive for the industry and many are predicting record prices this fall.

The highlight of the year for us was welcoming our second daughter, Eva, in September. It has been fun watching Embrie become a big sister and she is a great help. We are excited to be raising our kids in the cattle industry and love sharing our passion with them.

This year's offering is one that we are proud to bring to town. We've got another great set of SVS Betts and IPU Lieutenant bulls leading off our red pen. If you've talked to me about the red bulls you've probably heard me brag about how much I like both the Betts and Lieutenant cattle. Both bulls we have used for a few years now and have females in the herd milking that look great. Our black offering is a bit smaller this year due to a lot of heifer calves being born in the black herd, but I feel the quality is more important than the quantity we bring to town. We are also offering a couple of half blood bulls again this year that are real powerhouses. Something new this year is our fullblood offering. We've had a handful of fullblood cows here for awhile now that usually get bred black or red to give us some baldies, but we felt it was time to raise a fullblood and he's quite an interesting individual and double polled as a bonus.

All the bulls are on our herd health program and will be semen tested and guaranteed. Delivery is free of charge, but we do ask that any bulls that come back to our place for wintering are insured. Most of the bulls in our offering have been homo polled and homo black tested. Due to covid delays at the lab we won't have those results for catalogue print, but we will share those on our website and Facebook when they are complete.

Visitors are always welcome, and the bulls are available to be viewed on the farm at any time or give us a call to discuss any of our offering. Videos of the bulls are available at www.eastpoplarsimmentals.com. We also have an extensive list of professional sale consultants listed at the beginning of the catalogue that can be of service if you are not able to make the sale or give Kyron or Barry a call for assistance and questions.

Hope to see you all March 4th at Johnstone Auction Mart in Moose Jaw, SK or join us online with DLMS.

Kyron Manske

EAST POPLAR BETTS 18H - FULL BROTHER TO LOT 55

Here is a bull who will be pushing the scale down hard on sale day. You have to admire this Betts son for his length of body and big square hip. He is the nice dark cherry red that we are all trying to produce. He is out of a real nice Miller cow who always has a calf at the top end of the pen. His dam, IPU 204E, is really starting to make a name for herself in our herd and is one of my favorite red cows on the farm. She is a dark red, moderate cow with a beautiful udder. A full brother was one of our high sellers in last year's sale selling to the Zerie's at Horizon.

A real deep bodied Betts bull carrying that ever so popular blaze. I talk about how much I like these Betts calves all the time and this guy is another example of why. He's heavy muscled with a ton of rib. He's off a powerful red blaze faced cow. A maternal brother sold in the 2020 sale to the great people at Horner Cattle Co. and they've been happy with the way he's turned out.

EAST POPLAR KNOCK OUT 16H
 MATERNAL SISTER TO LOT 57

This dark red baldie is a real well balanced and long bodied individual. He's deep quartered, big hipped and carries that depth through his middle third. He ties this power nicely into his front end with a real smooth shoulder and small skull. Out of a real nice young cow, we feel this bull will be a good candidate for raising replacement females. His maternal sister sold in Simmsational this last year to Triangle 33 Simmentals.

A real complete and well balanced son of our great 47W cow. She was a really consistent producer who was in our flush program for awhile and put many daughters and granddaughters into our program. This mating to Lieutenant really clicked well and a full sibling sold to Kurtis Bartlett in last years sale. If you are looking for a bull to keep replacement heifers off of this would be a great candidate.

A real smooth made calving ease type of bull that ties it all together nicely. You have to appreciate how he lays his shoulder in nicely, with added neck extension and a small skull shape. I would say that this guy would likely work on the right set of heifers with just an 88 lb birthweight. We have used his sire Pride on heifers successfully for a few years now and he calves quite well and moderates birthweight even on big powerful type cows.

This guy is backed by a cow who I feel is going to have a real impact on our red program in the next few years. She is a Lieutenant who is as close to phenotypically ideal as we have made one in awhile. I don't say it often but she has a perfect udder that I wouldn't change a thing about. This guy has a pedigree stacked with maternal greatness with the likes of 532C, 8543U, 21A, 12Z, 633D, and 908G.

SVS BETTS 808F - SIRE OF LOT 64

This bull is a chunk! Muscle expression and shape from every angle is how I would best describe this guy and is exactly what I had in mind when with a Betts x 56U mating. IPU 75D is a black cow that has been a consistent producer for us and has a very nice udder. This is our second set of Betts bulls we will sell and we can't say enough good things about them. We really appreciate the consistency of the Betts progeny and 103J is a perfect example of just that. We also have Betts daughters milking now and are very happy with the way they are turning out, great mothers with lots of milk and great udders.

A larger framed half blood bull here that is going to add extra pounds to his calf crop. 116J is a real deep bodied, bold ribbed bull with a tonne of capacity. When you get behind this bull he is big hipped and has a huge top.

In the spring of 2020 I was touring through the Brooking Angus bull pen and was extremely impressed with the group of SAV Renovation bulls, so impressed that before I left I decided I would be using him to breed a handful of cows to that year. This bull is exactly what I had in mind when I made that decision and he is the typical Renovation, with the added maternal value that his 56U sired dam brings. Starting at just a modest 72lbs he packed on the pounds early and didn't stop. The amount of muscle expression and power this guy brings to the table, but at the same time staying fluid in his movement is really impressive. If you are looking for a halfblood bull to add power, maternal value, and maintain calving ease this is your bull.

Labatte Simmentals will be consigning 10 open, purebred heifers in this years sale, including 7 red opens (the best set we've ever offered and 3 black open (2 baldies). They are represented by some of our leading sires: R Plus Yuma 9087G, WLB Encore 443F, Drake Poker Face 2X, IPU Black Cinch 95G. And as an added bonus they are all homo polled. We selected a couple fewer this year, only to make our group even stronger. There is 90 replacements in our keeper pen so we had many choices. If you have any questions about these heifers before the sale be sure to give us a call and we would be glad to go over them with you. Or better yet, come and have a look at them before the sale. We would be glad to show you them and their brothers in the bull pen.

HOMO POLLED

Wade's Tamale cow does it again. She raised a beautiful red R Plus Yuma daughter this past year that's got style and performance. This is her third heifer going through our spring sale, her first was a super El Tigre daughter selling to KT Ranches for \$14,750. In last years sale a beautiful black Bentley daughter, was the high selling heifer of the sale and sold to Jennilee & Dustin Stewart, Rainbow River Simmentals in MB for \$25,000 and now this powerful R Plus Yuma daughter. She's also produced three bulls that have gone through this sale. She's just a great producing 56U daughter. Consigned by Wade Lund

Jenna and Emry at Briercrest Basketball camp this summer.

It has been a pleasure working with such a well-established operation as LaBatte Simmentals. Only a handful of people would travel down as many driveways as Barry has in Western Canada, searching for their next herd bull. The quality of bulls in this year's offering runs deep. The cow herd utilizes a customized mineral program that is balanced throughout the year. This supports proper bull calf development from a young age. The bull feeding program is built to maximize forage utilization and gut health; they are developed on grass with their moms and then moved onto a balanced ration that promotes lean muscle. The bulls are challenged with a foraged based diet to help them develop to their genetic potential. Organic minerals are used to ensure proper immune function and overall health. LaBatte Simmentals use a total nutrition program on their entire operation, ensuring optimal cattle performance. If you have any questions about the nutrition of the sale bulls, please feel free to call. Best of luck on sale day!

HOMO POLLED

Another beautiful Poker Face heifer this time with a blaze face. If you're wanting to show one this summer 90J would be a good candidate. Stylish, feminine, long necked, nice headed. She has lots of length of body and has a great haircoat. Her dam is a solid black, young female with a very good udder. Again, a special pedigree, with lots of eye appeal and possibilities.

IPU BLACK CINCH 95G
SIRE OF LOT 81

\$13,500.00

Lot 81 - 98J

HOMO POLLED

The first IPU Black Cinch 95G daughter we have offered for sale. Black Cinch was our high selling bull in our 2020 Bull Sale selling to KT Ranches, BC for \$50,000. He was a 56U son our of a beautiful Poker Face dam who is in our donor program now. Black Cinch himself was solid black with a beautiful blaze face, stylish and full of meat. It was hard decision to let this Cinch heifer go, as she is a brood cow over and over, she has the depth, style and capacity to turn into a great producing female.
