SALE AUCTIONEER

Ward Cutler

SALE LOCATION

From Meacham, Saskatchewan travel 13/4 miles east on Koob Road. Turn south on Mattson Road and travel 2 miles to the Lakeview Simmental Sign.

SALE VIDEOS

This will be a video sale. Sale videos can be viewed at www.transconlivestock.com

Transcon Online

View and bid online at
www.transconlivestock.com

Please call the Transcon office (403)- 638-9377 prior to the sale if you have not previously registered for bidding.

Once again we would like to welcome you to the annual fall sale for Curtis Mattson's Lakeview Simmentals. The entire offering, male and female, are all polled! As you can see the program is very specifically designed to produce Fullblood Simmental with polled heads. This doesn't happen overnight and the results of many decades of breeding are being offered.

Polled, Black Simmental have also been introduced to the Lakeview gene pool as a way to offer more diversity to not only the buying public but the internal cow families at Lakeview.

These cattle will fit very well into any herd, as you can see in their pictures, that they are being offered, as they say, "in their working clothes". They will adjust easily anywhere and the disappointments of "melting" won't be an issue, this being a very important factor by Curtis Mattson for his buyers.

The cattle are available for pasture touring prior to the sale or on sale day of course. Please let us know if we can be of any further assistance about the cattle offered and any buying assistance you may require. Sale will also be broadcast via our customer exclusive platform, Transcon Online!

Regards,

Jaymes E. (Jay) Good

"There are only a handful of Simmental breeders now in Canada with a membership number under 1000.

Curtis Mattson is one of those.

*50 years of breeding
Simmental Cattle.*

An opportunity in the making!"

Jay Good

Darren Paget

Glenn Norton

Cody Coupland

This entire

Lakeview Simmentals Welcomes You!

What a difference a year makes!

Last year it was so dry here that when baling green feed, I was only making one bale per hour, so I finally quit. This year I could make a green feed bale every 4 minutes.

In October it will be 50 years since I started in the Simmental breed with getting one cow A.I.ed and buying a half blood heifer. Right from the start I really liked the FB cattle so in 1979 I bought my first FB open heifer at Agribition. With close to 100 FB cows now, these all go back to this one cow.

I feel this year's offering of heifers is one of my best group yet. There isn't one heifer in this group that I wouldn't like to keep. All the heifers are bred to Erixon Hartford 53H because he has very good calving EPD's.

This year's heifers are all Polled, as it seems no one wants to deal with horns anymore. I also have a few PB black heifers that have been culled very hard and I feel it adds some diversity to the program.

I have been using Full Fleckvieh bulls since 1985. Five generations of Fleckvieh breeding are considered Full Fleckvieh. Some of the heifers in my sale could be 10 generations or more.

Some of the Polled FF bulls that have had a major impact on my Polled breeding program are Sunny Valley Dakota, Oakview Wrangler, Double Bar D Eclectic, Keets Dexterity, Virginia Lafleur, Double Bar D Batman and now Keato Pld Ben Hur. Homo Polled and Homo black RSK Eastwood 1E sire of most of the blacks.

I have also started a fall breeding program with calves being born in September. This puts extra age into all bulls being used in a summer breeding program. The calves are wintered with their dams and eat whatever their dams get. There is no creep feed fed. The calves are weaned in the spring and spend the summer on grass. They aren't pushed on grain and are developed more on the forage diet. I really like the way these calves turned out.

I look forward to seeing you at the sale.

Curtis

Curtis Mattson: 306-231-9994

The Mattson Family
L to R standing: Dave and Brenda Schaffel (sister and brother-in-law), niece Breaanne and great nephew Jasper, Curtis, Chelsey and Nathan (niece), Hilary and Arlin (nephew), Dennis Rosaasen (brother-in-law)

Sitting: Shelley Rosaasen (sister), great nephew twins Murphy and Milo, Tamara (niece), Sloane (great niece), Missing Ben and Leslie (niece's husbands)

Curtis and his faithful companions Skip and Patch!

Terms & Conditions

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE - Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS - There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS - All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN - Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller.
