Once again we would like to invite you to another fall sale for Curtis Mattson's Lakeview Simmentals. This year offers what is probably the strongest group of bred heifers to date BUT ALSO an opportunity to dip into the top end of the cowherd, specifically the best of all the D, E, F and G born model years!

Herd bull shopping is taken seriously by Mr. Mattson, many of the sires and services offered are respective former bull sale high sellers from multiple different programs.

**EVERY FEMALE CATALOGED IS BRED TO A  
HOMOZYGOUS POLLED BULL!!!**

The cow group that made the final cut for the catalog has been thoroughly screened for disposition, udder quality, feet and all the most desired qualities. Any others from these respective age groups that didn't pass scrutiny, simply weren't cataloged.

As the Lakeview program has focused on polled Fullbloods, we tend not to talk about the potential of some with that "horned punch" but in this case as one of the top leading candidates in the bred heifer section is a horned standout. Of course she, as all her age contemporaries, carry the homo polled service of the exciting new junior herdsire "imported" from J Bar @ Caroline, AB.

You won't see a bunch of over fat cattle in this catalog, nor have you ever in a Lakeview offering, but you will see cattle that are bred for decades that now timely present traits for great return on investment.

The entire Transcon Team will be on site sale day and the day prior, don't hesitate to give us a call to help with your buying needs or even just to satisfy your curiosity. If you're not one of the many already signed up with Transcon Online, please simply contact our office to easily do so.

# Lakeview Welcomes You!

First, I would like to thank my past buyers for making this sale a success each year. Many are young buyers just getting started and it is good to see young people getting into the PB Simmental cattle business.

Next, I would like to thank Transcon Livestock for showing an interest in this herd. They have been very helpful in making this sale happen. I would also like to thank Bridget Andrews and her team (Livestock Media Plus) for all their work in taking photos each year and in getting my sale flyer printed. So much work and such great patience.

August 6, 1973, the first half blood Simmental heifer was born here on the farm and was the start of 50 years of raising Simmental cattle. I am having mixed feelings about cutting the cow herd this year, but another dry year, weather wise has made this happen. The cows I have picked for the sale have good udders and dispositions. Every cow has raised a very good calf this year. All the FB cows and heifers are bred to Homo Polled FFFB bulls. The PB cows are all bred to Erixon Hartford 53H.

Hope to see you at the sale on November 19, 2023

# Lakeview Simmentals

## Here is a little history on the Herd Sires I have used in my program over the years...

**Oakview Polled Wrangler** - was the high selling bull out of the Genetic Source 2010 bull sale. He was very deep and thick and added that to his calves. Great disposition also.

**Double Bar D Eclectic** - was one of Dimler's high selling bulls out of their 2012 bull sale. He added dark red colour and good udders to his daughters. He was very deep and long with a great disposition.

**Sunny Valley Dakota** - was high selling FB bull out of Sunny Valley's 2013 bull sale. Tim McVicar and I were able to buy him in 2014 and got some very quiet cows with good udders.

**Pleasantdale Atlas** - was a black blaze faced bull that gave me cows that raised very good calves too.

**Keet's Dexterity 2D** is a Homo polled FFFB and was one of the high selling bulls out of the Advantage Sale in 2017. He gave me cows with very good udders and good dispositions as well.

**Sunny Valley Congo 61C** - was a Homo Polled black blaze faced PB bull. He was used on a few of the PB cows around here and gave me performance calves.

**Virginia Lafleur 4F** - is a Polled FFFB bull that came out of the Bull Spectrum Sale. This bull is very deep and thick. I used him on heifers because of his 65 lb. birth weight. He gave me heifers with good udders and plenty of milk. He passes his quiet disposition on to his daughters.

**Lakeview Hagar 48H** - is a Double Polled FFFB bull who is a Lafleur son that I really liked. He has given me some very good dark red heifers that are in this sale.

**Keato Pld Ben Hur 951G** - is a Homo Polled FFFB bull that was the high selling bull out of the 2021 Red Deer County bull sale. This bull will add length and frame to his calves. Very good disposition.

**Keato Pld Hurbacus 060H** - is a Homo Polled FFFB bull that was the high seller out of the 2022 Red Deer County Bull Sale. I had a very good group of calves from him this year.

**Erixon Hartford 53H** - is a Polled black blaze faced PB bull out of Erixon's bull sale in 2021. This is a calving ease bull that I used on heifers and had very good luck. His calves are born small and hit the ground growing.

**Keet's Javelin 56J** - is a Homo Polled FFFB Junior Herd Sire. This was one of the high selling bulls out of the Bridge City Bull Sale. This is a performance bull that is very quiet and easy to handle.

**J-Bar Kayenne 23K** - is a Homo Polled FFFB bull that I bought at the Red Deer county Bull Sale. I bought this bull from Jayden Warren to use on heifers. His EPD's are very high for calving ease. All the heifers in my sale this year are bred to him. This bull is dark red, dark hooves and large goggles.
