Insurance*

LONE STONE FARMS

Welcome to our Annual Bull Sale. According to the certificate on the wall we are in our 40th year of registering Simmental Cattle. It is also our 39th year of registering Red Angus Cattle. What an eventful journey it has been, starting out with about 10 purebred Simmental Cows from Karen's father, Evan Roberts to our present herd of some 300 mama cows between two breeds.

Building a bull business has been a challenging and very rewarding process. We spent several years in our local Pembina Cattle Breeders Multi Consignor sale. In 1995 we progressed to having our own sale, held out at Nilsson Bros Livestock at Clyde. Evan felt there was a real want and need for 2-year-old bulls and that's how it all started. We put in a few yearling Simmental bulls and he supplied the Polled Hereford, Red Angus and Black Angus 2-year olds. It was held every second year, until we grew our herds large enough to hold it every year from 2003 and onwards.

The 2 year old bulls were well received and proved to be a separate cliental from those who purchased yearlings. The biggest and best change came in 2009 when we moved our sale into the new shop that went up in 2008 on the farm. We went to a video sale and the days of hauling bulls to an auction mart and running bulls through a sales ring were over. It proved to be easier on us and way easier on the bulls.

One of the things we have learned over the years is, as hard as you think it is to find a good bull and buy it, it is far harder to raise a good bull and sell him. Karen's method of selling a bull is the one I find most amazing. Countless times if I listen to her on the phone or in the bull pen, I hear her point out the flaws of the bull and all the flaws in his parentage. I've asked her numerous occasions if she has to be so brutally honest. Sometimes I just cringe! But time has proven her right in her approach as many of those customers come back year after year to buy another bull, and always seek out Karen's evaluation and recommendation. I've quit cringing and started recommending "Talk to Karen" before you buy. She knows and loves her cattle and will be very honest.

40 years. So many changes. Yet the focus of good sound cattle that work for us and our customers is still our goal. The last number of years we have been giving more and more responsibility to our son Nathan to take over this operation. I hope that one day, when he looks back at our breed membership and another 40 years have past, that he can still be surrounded by as great a group of customers and friends as we have.

We have a few more years in us and might even celebrate our 50th! But for now, thank you to all who have made this past 40 years a fine ride!

BULL DELIVERY INFORMATION

We offer Two Options Please choose one of the following and inform the clerks on sale day:

- \$200.00 discount if picked up sale day.
- We will keep your bull until you can come get him. A charge of \$3/day will apply starting April 1, 2023. We ask that you insure your purchases if you leave him at the farm. Each animal becomes the responsibility of the purchaser as soon as sold.

BREEDING GUARANTEE

- All bulls are guaranteed to be structurally sound and to have passed a semen test prior to sale day. Health checks and semen tests are done by Westlock Veterinary Clinic. Routine vaccinations have been administered as well as Footrot and Pinkeye vaccine.
- We guarantee our bulls to be satisfactory breeders. Please contact us if you are having a problem so we can come up with an option to fix it.
- We retain NO ownership in the bulls. You purchase the bulls outright 100%. There are no sale credits to bid against in our sale.

ANNUAL BULL SALE

Friday, February 23, 2024 - 1:30 PM

At The Farm - Westlock, AB

Welcome from
Transcon Livestock...

Welcome to the 23rd Annual Lone Stone Farms Bull Sale. Wow! time flies when you are working with great people with such an amazing passion for agriculture and family! Lonnie, Karen, Nathan, Alisha and the crew of grandkids look forward to hosting you on Feb 23rd on the farm, just north of Westlock. As always, this will be one of the largest offerings of Virgin Simmental and Red Angus 2 -yr- old bulls in Northern AB. Complimented by an outstanding group of yearling bulls.

Buying a bull at Lone Stone will be a hassle free buying experience. They **DO NOT** retain any semen or part ownership in their bulls! Almost impossible to find this in today's purebred cattle industry. Lone Stone looks forward to their customers making money on their purchases, as well as offering great customer service.

As always the large group of 2 -yr- old bulls spend the entire summer on grass so they grow up getting a ton of exercise. After harvest they are brought to the yard and put on a forage based ration in one of the largest bull pens I've ever been in. The bulls get a ton of exercise to ensure they stay sound and functional.

The Simmental bulls will have a very large segment that are polled with a handful being homozygous polled. Body length, width of top with more frame is what the Browns strive to produce to ensure the bulls produce calves that push the scale down at weaning. The Simmental bulls will be sired by JNR Cashmere, WCC Callahan, Spruceburn Full Moon, FSS Hendrix, RWR Sully and the powerhouse MJB Hadrian.

You will wear out a lot of pickup trucks searching for a more powerful set of Red Angus bulls than this group. I'm constantly impressed with the sheer mass and power in the Red Angus bulls. The Red LWNBRG Flex and Red W Sunrise Banknote sons have been very impressive.

There will be a great mix of calving ease and power bulls in each age group. Don't forget we always have a great group of commercial heifers from Scott and Wendy Letts. Making this a great stop for replacement heifers and a bull to turn out with them.

There is always great buying value here at Lone Stone Farms Bull Sale alongside some great hospitality! If you are unable to attend please call any of the Transcon team to assist you with your herdsire search.

100% Fleckvieh. Homo Polled. Sire Verified.

JNR Cashmere has been such an amazing bull for us. Buying him was scary, owning him has been so successful. Last spring, we were asked if we were done using him. Having sold many bulls and females and having over 25 females working in our herd we felt it was time to pass him onto a young couple, Talon & Marty Gauthier of MT Ranch from Dawson Creek, BC. We are very sure success will follow Cashmere wherever he goes.

After that long spiel, we are starting off our Bull Sale Catalogue with Cashmere Sons again. Long bodied, great muscle expression and a homo polled head make this big guy very appealing!

Last Cashmere in the lineup of 2 year old's. All of the Cashmere sons look alike and can be picked out with a glance. I've always appreciated the shape and style of their heads. This guy in particular has a very polled head. Caution on his BW. Do not consider him a heifer bull with his light birth weight.

Here is another Callahan son that will be extremely useful. He has a light birthweight but I do not recommend him on heifers. His dam tends to have light birthweight calves even on power bulls. She has another son in the sale, Lot 52. She's a hard milking female, that gets her calves to very good weaning weights.

You can see the Colt blood line evident in this young herdsire. His hair coat dark, dark red! Light birthweight bull coming from Cobra but so much power in the Dam. Best to use on a few heifers to see how it goes.

RED LONE STONE OLIVIA 41B - Dam of Lot 28

**Parent Verified.**

Maybe my favourite 2 year old bull. Appreciate his clean lines, straight back and real eye appeal. His Dam was purchased from Hazel Bluff Red Angus.

**Parent Verified.**

Light birthweight bull that I would not use on heifers. His sire Banknote would throw too much power into his genetics to rely on getting low birthweights.

Polled Purebred Black.

Here's our only yearling black hided bull. He would be 1/4 Fleckvieh. He is his dam's first calf off a black bull we bought from Bonchuk Farms. He's thick and meaty in a moderate frame.

Parent Verified.

The dam of 229L is not very young anymore. She has produced 4 bulls for our Bull Sales and has 3 daughters working in the herd. One of those daughters produced a bred heifer for the Female Sale and her twin daughters 8J and 9J each have a yearling bull in the sale. This Banknote son of hers has loads of power.

On January 4, 2023, this guy tipped the scales at 1425lb, the heaviest of all the yearling bulls, simmentals included. Blackbird 11B has 4 daughters working here, and one bull was sold to Ross White in 2022 Bull Sale. She's a powerhouse cow. This son is very powerful and needs to be looked at. Herd sire material!!

This is the second year in a row that our good Dersta cow has sent a bull to the sale. Last years flex bull was really good and we strongly considered keeping him. He went to work at Mullen Land and Cattle. Seems like whoever we breed her to she produces a winner. For the last 4 years she has calved in the first cycle.

I can't say enough good things about the physical presence of this bull's dam. Redman daughters are smaller statured but so correct in their feet and leg structure. Easy keeping with tidy udders. A very good choice to use Banknote on. Give 232L a look, he's very complete.

Terms and Conditions

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE - Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS - There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS - All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN - Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller.
