ON THE FARM

3 PM MST

BEAVERLODGE, AB

Welcome from Transcon

Welcome to the 2nd Annual Tri K Cattle Company Bull Sale with guest consignor, Albrecht Farms. This will be year two in the beautiful sale facility right at Tri K, just north of Beaverlodge AB.

Upon some reflection after last sale season, I believe this was one of the strongest sales last year. It had a robust \$7,500 average with a high of \$14,000, which is truly impressive! Quality was deep and the bulls were very well received in 2023!

I'm very excited about this group of bulls in the 2024 sale! I was there and viewed the bulls before Christmas. WOW! was my first impression. What a powerful, big topped, great haired pen of bulls. The LRX Executive sons are truly special! Long spined, big topped with a very sound structure topped off with a big old foot at their base. They are a very exciting sire group! It's impressive to me how Keiran and Keith have bridged the gap from top-to-bottom in the pen, the quality is very deep. Rest assured, if you get a bull from any part of this group, you will have a good bull to work with. If a yearling isn't your fancy, there is a very solid set of coming 2-yr-old bulls. These virgin bulls will handle a heavier workload this spring.

One of the most rewarding parts of my job is working with breeders that are consistently raising the bar and rising to the top. That has truly been happening at Tri K, and I couldn't be more proud to be a part of what happens here!

Albrecht Farms is a valuable asset of the sale, again. They have come a long way in the business. The improvements have been immense over the last decade, and it's impressive to see where Ryan and Steve are today. They have a strong set of hairy bulls, with a couple real tanks, followed by some very exciting heifer bull prospects!

Make the drive to Tri K on Feb 24. I'm sure you will be very glad you made the time. This is an outstanding set of bulls backed by some great people! If you are unable to attend in person, please give any of us on the Transcon team a call!

April 15th unless other arrangements have been
made. Bulls staying at the farm MUST be insured.

Purchase Invoices:

Invoices will be sent only to the email addresses
provided. Please advise if not received within 3 days
of the sale. Office phone number (403) 638-9377

Tri K Cattle and Albrecht Farms reserve the right to
collect semen on any of the sale bulls for in herd use at
the expense of the seller and convenience of the buyer.

Welcome

Hello and welcome to the 2nd annual Tri K Cattle Bull sale. We are very excited for this year bull sale after the success of last years first bull sale at the farm. We are very grateful for everyone who showed up, bid and bought bulls. Last years sale and success was an absolute dream come true for us. None of this is possible without your support!

There seems to be some great optimism in the beef industry as prices are rising and we are starting to get value that rival producers cost of production. Heavy weight calves off the cow shined again in the markets this fall and we feel the bulls inside this catalogue can help producers achieve the ability to get more pounds. Our pen of bulls again is very strong and feel they have even improved from last year. Watching so many cows sell this fall we were very strict on culling in the bull pen, and we think the quality and consistency really stands out. High performance and strong maternal abilities all back the bulls on offer. There also is some really great calving ease options in both the yearling and two year old sections. Full herd health program on the bulls along with double vaccinated with Fuseguard vaccine by bull sale time.

Again we will be offering a very good set of commercial open heifers. With a deadlock on grass, we can't keep all the heifers I would have liked to, I found it harder this year cutting some of our top end commercial females into the sale pen, but with the growth of our cow herd our loss will be your gain. These females are out of the same great A.I and walking herdsires as our purebred cattle. Heifers on full herd health program and palpated prior to sale.

We invite you all to the Farm Feb 24th for the sale. Sale at 3pm and supper and social to follow! Please do not hesitate to contact one of us with any questions. Bulls are available for viewing any time leading up to the sale and we strongly encourage you to stop by the farm so we can show you mothers of the bulls and heifers in the sale! We look forward to seeing you sale day!

*Keith & Kerriley
Keiran & Taryn*

As some may know by now, we would like to also announce the acquisition of the Circle G bred heifers. When the opportunity came about in the middle of July it didn't take us long to decide to make the trip to Lacombe to take a look at the bred heifers. After going through the reds and blacks it was pretty easy decision that this was a move that made sense and was really going to take our purebred herd to the next level. Garth's dedication to high quality, good uddered and strong footed cattle along with a longstanding, consistent repeat buyer bull sale made this decision a lot easier to make. We actually still have a 'W' cow from the D Bar C dispersal in production as well as Garth has supported our program through both our Bull Sale and our females sold over the years. Thank you Garth for this great opportunity. As I write this, we have calved about 9/38 females, and I can say it got us excited for this group of cows future!!

Join Us for our 2nd Annual Bull Sale at the Farm Beef Supper following the Sale!

Four Full Brothers!

Well here is a fitting group of bulls to lead of our sale offering. These E.T siblings have stood out from every stage of there life, they always just seemed to have that little bit extra to them all the way along. Deep everywhere, good length of body, super hairy, very quiet dispositions and not to mention exceptional footed! Its exactly why we decided to flush the 75F cow to Executive, it would be hard press to find two better footed animals to make a flush from. 75F has been a big time producer for us, raising a handful of front end bulls over the years all while being one of the nicest cows to look at any time of the year. Executive on the top side is icing on the cake as we are calving daughters for this first time this winter and feet and udders are exceptional! I know its early in his career but Executive might end up being one of the most influential sires we will have used here at Tri K. The shear quality of bulls and females he has been producing is truly impressive. 48L specifically is big time herdbull in the making and we will be collecting semen for in herd use. Big time performance, big time maternal traits these 4 full siblings are going to be worth the drive Feb 24th.

- Top notch Executive son that is the full package.
- Have been impressed by this guy every stage of his life he just keeps getting better!
- More frame, more substance, so soft made, deep bodied and great hair.
- Very good skull on him his presence commands attention.
- Full sibling to the feature red bred heifer we had at Camrose Classic that sold for \$10,000 to NA Bar Land & Cattle in Viking.

Lot 6

Homo Polled, Hetero Black, 100K DNA

- High quality bull that is getting tons of notice in our pen from visitors.
- This guy is super long bodied and his YW of 1475 is impressive!
- Quiet natured and wicked hair
- Big hip and deep quartered, this guy is full of meat.
- Big fan of this guys Charisma dam, she has very good udder and has already put 2 good bulls through the sale selling to long time customer H.I.S Ranch and Glen Camplair.

Homo Polled, Hetero Black, 100K DNA

- No surprise here ETZ 217C knocks it out of the park with another stunning bull, it doesn't seem to matter what we bred this cow to her progeny always rise to the top.
- Big hipped wide topped you notice this guy very quickly in the pen.
- Maternal sibling to last years high seller and lead of bull going to Codesa Colony, we collected semen on that bull and so far the few calves have been impressive!
- If cow families are important to you I cannot stress enough this is a bull you will want to have circled.

Homo Polled, 100K DNA

- Gets to be a bit repetitive on these Executive sons because of how well the sire stamps them.
- Long bodied and great footed.
- Longevity runs in this cow family as the old Tymarc 316A cow is still here working and waiting for another full sibling calf any day now as I write this.
- Brothers have sold to Westfork Farms, Hodges Simmentals, and Jim Peel.

- Very impressive red hided Executive son.
- The more I watch this bull the better he has been getting.
- Born at 90lbs and now gaining 4lbs a day from weaning to yearling this guy is a commercial cattleman's dream, if you background your calves these easy doing kind of herdbulls are the kind to find.
- Another very good cow behind this bull, keep all the females off this guy they will make great cows.

- This meat machine would have been my other pick to lead off our sale offering
- A bull that has so much character and presence he always stands out in the group and has since he was 1 day old in the barn.
- Huge middled, tons of depth and is a soggy as you can make them.
- Dam is probably a future donor cow herself she has the exact foot and udder quality you you're your herdbulls mom to possess, if we had a expansion draft at the farm 113G would be among my top picks.
- Nice dark red baldy. A real Sale feature here!!

- Interesting bull here as we have the proven State of War crossed with one of our nicest J model cows who happens to be sired by Matrix.
- 78lb BW and 924lb WW the birth to weaning spread doesn't get much better than that.
- Curve bending performance, start them small and watch them grow, don't worry about snoozing an alarm during calving season.
- This guys dam is a more moderate cow but boy can she produce, she also has a top notch udder, the granddam had the high selling heifer calf in the Skor dispersal, great cow family.

- E.T son of our most influential cow on the farm ETZ 302Z
- Born with a very short gestation of 276 days and a 82lb BW this guy is going to calve really easy.
- We started using Capt. Blaze because of his ability to sire cattle with lower bw while still having high performance, last year one of our high selling black bulls was a Capt. Blaze.
- I could talk all day about how great the bulls and females have been from 302Z, she's sired our highest selling bull to date, we have 7 daughters in production and 2 full sib heifers to this bull in the replacement pen that are also very impressive.

Homo Polled, Hetero Black, 100K DNA

- Our lone Nighthawk in the offering, we used Nighthawk to change up the sire group out of some of our heifers.
- Small head, smooth shouldered there is a lot to like about this bull.
- Very quiet and sometimes likes the odd scratch
- Out of a really good red baldy Matrix heifer who has already calved again for 2024.

- Our lone Killswitch grandson for this year, Killswitch has carried our red bull offering for the last number of years
- Really long bodied.
- Very quiet disposition, doesn't mind the odd scratch.
- Denali dam raised one of my favourite bulls in last years sale selling to our good neighbors Dave Cunningham and Brock Fisher.

Homo Polled, 100K DNA

- This guy is a real chunk, big middled and tons of hind quarter.
- Will add pounds to a calf crop.
- One of the top growing bulls in the pen.
- Feet are solid on this guy.
- Dam was apart of a package of heifers from Maxwell Simmentals and has turned into a very strong producer.

Lot 19

TSF GANGSTER 57G
SIRE OF LOTS 19, 20, 27, 31, 32 & 33

Homo Polled By Parentage

- WOW, impressive first calf by this Gameface X 302Z E.T daughter, seeing what she can do her first crack has us excited about the mother of this bulls future.
- Blood red and has tons of character, maybe the best Gangster son we have had and there has been a few good ones.
- Perfect definition of easy doing as this bull had a pen leading 4.64lbs/day, if you want cattle that give you more lbs on the same feed as there pen mates have a look here.
- Very interesting pedigree on this bull as he is outcross to a lot of mainstream red genetics.
- Wicked EPD profile, top 45% or better in every trait and I think he is the type of bull that can do a lot of good for any commercial or purebred cow herd.

Homo Polled by Parentage, Hetero Black

- It's no fluke another feature calving ease bull is a Gangster X Melody.
- I have admired this calf all the way along and I think he is just so solid in every way.
- Great footed, tons of length, small headed with good neck extension, carries himself very nicely and has a good haircoat.
- Bulls of this quality and out of proven cow families is our goal as breeders and we are very proud of Linus 137L.
- 83lb birthweight and a 13.1 CE epd all while gaining over 4.45lbs/day since weaning, take a good look here at a outcross calving ease bull.

Homo Polled test pending

- A real standout type of bull and not because of his color.
- Captain Blaze's have worked really well around our place, and looking at this bull you can see why.
- This bull reminds me so much of the Black painted up bull we sold last year as one of our high sellers.
- Extra frame, extra stretch, extra muscle = extra dollars
- Dam is one of our top Chevy cows who raised a daughter that sold to Albrecht Farms.

PERFORM BETTER

1 SERIES ROUND BALERS

Introducing the 1 Series Round Balers

A revolutionary leap in baler innovation with cutting-edge technology and advanced features. Capture near real-time moisture and weight data which can be stored and analyzed through the John Deere Operations Center.

More bales. More benefits. Designed exclusively for John Deere 7, 8, 9 and 1 Series Round Balers, the Plus2 Accumulators are the industry's first fully integrated round bale accumulators.

Work smarter, not harder. All 1 Series Balers feature the option to include integrated net lift assist, making the loading of net wrap safer and easier.

- If you didn't look at his paperwork you'd never know this bull was born in May.
- He will likely be our heaviest 2yo by sale time.
- More frame more stretch if you want to make some soggy black baldy calves have a good look here.
- LRX 126B has actually raised 2 bulls we have kept for use in our own herd one being KKH Specialist who was used in the heifer pen for many years and KKH Max Factor who has a neat outcross pedigree and you will see some sons in next years bull pen.

Red & Black Open Replacement Commercial Heifers

Here is a very strong group of replacement females right out of replacement pen. These girls are sired by the front end bulls we walk or AI with and are sisters to the females who are putting the heavy weight steers into VJV Dawson Creek year after year. The heifers will be sorted by type and selling in groups of 3. 6 Black heifers and 15 Red heifers. Very proud of these heifers and think they will go on to be productive cows for there new owners.

Bull & Female Sale!

Albrecht Farms

Welcome

Welcome to the second Annual Tri K Cattle Bull & Female Sale. We would like to thank all previous bidders and buyers for their continued support of our program and the effort to attend our sale year after year. Come join us at Hodges farm on Saturday February 24th at 3pm in Beaverlodge to check out this great offering.

It's been another exciting but busy year at Albrecht Farms as we work on the transformation of our new place in LaGlance. The optimism in the cattle industry has been rejuvenated with cattle prices at an all-time high, it's nice to see the cattle producers rewarded for all their hard work throughout the year. 2023 wasn't without its challenges, between the early spring drought and an abundance of grasshoppers, most areas were left with feed shortages and lack of pastures to graze into the fall. Let's hope mother nature can be kind in 2024 so feed inventories can be restored, and pasture rejuvenated. The kids had another busy year and keep us on our toes. Lukas is now in Grade 6 and is back playing HSL in Grande Prairie which is such great hockey to watch. Benson is in Grade 3 and is playing in his second year of U9 with his buddies in LaGlance. Elliana is in kindergarten and started her first year of hockey in LaGlance, she has improved so much since the beginning of the year. Her team cracks me up and makes me laugh every time we go to the rink. All 3 kids play a big part in keeping the ranch going.

Albrecht Farms has been an active breeder of red & black Simmental for over 28 years. Our program emphasizes in using quality genetics that breeds for soundness, temperament, udder quality and longevity in the rugged terrain we live in. Our bull sale offering this year consists of 8 blacks which will be the deepest we've ever offered, along with 8 red bulls all out of highly functioning cows from proven genetics. Once again, we have a strong group from LFE Refined 420H with a couple of them I believe to be breeder quality CE bulls. The AI sire groups will be led off by Captain Morgan 11Z on the black side and a very special SVS Bond 973G son on the red side. If you're looking to add calving ease, maternal traits, or simply add some more power to enhance your cow herd I think you'll find something that meets your needs.

All bulls can be viewed at the farm in LaGlance prior to the sale. Again, this year any customer that views the bulls at the farm prior to the sale will be entered into a draw for a \$500 sale credit. If you are unable to attend the sale and plan to join us on DLMS, give Ryan or Steve a call and we can answer any questions you may have. We also encourage you to use the Transcon Team for any assistance you need in finding a bull to meet your needs. Please stick around after the sale for the complimentary Supper and refreshments. We look forward to seeing you on sale day!

Homo Polled

Here's a bull I've been excited about since birth and is a true sale feature. Spectre is the natural calf out of our 19A donor and was the result of an embryo that was left inside of her when we flushed her to SVS Bond 973G. Where to start with 6L... He's about as good footed as you can make them and comes by this naturally from his dam, cherry red, wide topped with lots of rib shape, big scrotal, full of style and presence, moves effortlessly and has that herd bull look to him. When you take in account the cow power behind SVS bond and RST Avery, you have the makings of something pretty special.

Homo Polled

Elemental is a feature CE prospect out of our Herdsire LFE Refined 420H. 103K is an extremely complete bull that has added muscle and shape, that sought after Blaze face and was born out of a first calf heifer at 74lbs. His dam is a hard working good uddered female that bred back early and should be calving any day now. With multiple generations of blaze face behind this cow family, expect that trait to be passed down through Elementals progeny. I've been excited about this bull since the spring and looking forward to showing him off sale day. 273 day gestation

Homo Polled, Hetero Black

Here's another feature CE prospect out of LFE Refined that I think would work well in the heifer pen. Black Refined is small headed, smooth made, has ton a rib shape, eye appeal, awesome feet and is outcross to most black genetics in the Simmental industry. His dam goes back to the Noremac cow family at Labatte Simmentals and is turning into an awesome cow herself. LFE Refined 420H now deceased was the \$21,000 bull we purchased from Lewis Farms at their 2021 bull sale. His calves are just flat out good.

Homo Polled, Hetero Black

Big time herd bull here. Kraken is wide topped, big scrotal, heavily muscled bull with a lot of shape and capacity. He is backed by an outstanding cow, RST Faith 37F is a cherry red, perfect uddered and has an absolutely gorgeous Phenotype. The type of cow you can build a herd around. His sire Captain Morgan 11Z, continues to produce some of the most productive cattle in the industry today.

Horned, Hetero Black

If we've learned anything over the last year, it's that pounds pay. These two ET brothers absolutely crushed the scale at both their weaning and yearling weights. Tremor and Heavy duty are both power bulls with a ton of hair, thickness and packed full of red meat. They are a result of some old genetics that I've been holding onto that worked well when crossed to our JDFK 906G donor. Their sire, Power Drive 88H is well known for his maternal attributes and should pass these qualities down. Whether you're looking for big steers or awesome replacement heifers, I think you will find what you're looking for in these two big strapping individuals

Terms & Conditions

TERMS - The terms of the sale are cash, cheque and e-transfer payable at par at sale location. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INFORMATION SUPPLIED - The information contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Livestock Media Plus assume any responsibility if the information supplied is not accurate.

CATTLE PICTURES - The images in this catalog are believed to be accurate representations of the individual animals. Transcon Livestock Corp. and Jamesway Enterprises Ltd. assume no responsibility if the images as received have been altered.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller.

Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller.

The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.
