TUESDAY, FEBRUARY 18, 2025 | 1 pm MST
INNISFAIL AUCTION MART, ALBERTA

Annual

BULL SALE

RANCH RAISED

Two-Yr. Old & Yearling Simmental Bulls

67 Fullblood
Red & Black *Bulls*

The Transcon Team Welcomes You!

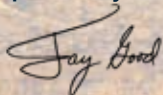

I'm very sure if you want a Simmental Bull (that looks like a Simmental), and that is sound, good footed, quiet and good haired, you'll need to see these.

I'll expand, starting with the Skywest bullpen. On a beautiful January day, we were witnessed to an analysis of 44 sons of different particular sire groups from a large cowherd. This display was also apparent during a summer tour of the prospects. Favourites were seen in each division of the fraternities included. As history will have it, the breeders that own their own herdbulls, (like Virginia Ranch) tend to have an advantage, and the "proof is in the pudding"! In this case, NONE are A.I. sired. This set of Fullblood bulls is virtually incomparable, but without precedence, to any on the continent! They are big, heavy, good haired, large hoofed and QUIET are all adjectives that fit the bill, not to mention, the great people behind them. You can't buy them from anybody better! Yes a warm day too, which was a nice advantage to the boys, however, gave us a realistic viewpoint, and I don't need a "tape" to tell you they are "men".

Move over to the Virginia pen. And by pen, I mean a big ole lounging area that they are well exercised in. It's always been a priority to have the bulls sound at Virginia Ranch, as they need to be now, and forever, and will work. The genetics are different here, from the past, but these bulls are "developed" as per norm, if not, more so, responsibly as ever. They are fresh, good haired, move free & move freely! Numbers are less, yes, but the internal critique is still there. This man "gets it", always has, and will always give a product that he would only use himself as he has a commercial cowherd too, but allows you the 1st pick. A good example of this is the three 2-year-olds offered, for the first time ever, two of which are Feb/Mar born "held-overs" and the other, "Millarville", was used on last year's Western Harvest sale heifers.

You and I realize we are in an age of technology, this meaning we know that online bidding, videos, etc., are provided for you. But, I think this is a sale that you will want to have your seat planned, grab a Kodiak BBQ lunch & simply enjoy the day. But if you can't be here with us personally, please don't hesitate to call any of us at Transcon Livestock. Our cell phones are listed and we are happy to throw a set of eyes on the bulls for you and if we want to progress bidding, we'll help you there too at no extra cost.

Hope to see you in Innisfail,

Jaymes E. (Jay) Good

VOLUME DISCOUNTS

Virginia Ranch and Skywest Simmentals would like to reward buyers of three or more bulls at this sale with a 5% discount, applied against your total purchase.

DELIVERY

\$100 off per bull if picked up sale day.

Bulls will be delivered free of charge up to 350 kms of Innisfail as soon as possible after the sale, at the breeder's convenience. We will work with you as best as we can to get your new bull(s) as close as possible, and most likely right in your yard. We will let you know in advance as loads are assembled to your area.

Bulls will be kept at the seller's farm at no charge until April 1, 2025. After April 1, delivery will be arranged suitable to both the seller and purchaser. All bulls returning to the seller's farms must be insured.

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE - Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS - There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS - All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

EXCEPTION TO BREEDER GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN - Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller.

Welcome from Virginia Ranch

Virginia Ranch welcomes you to our Annual Bull Sale. We are honoured to be selling alongside our fellow consignors and friends the Edwards family - Skywest Simmentals. With Skywest having purchased 100 cows from us in Dec 2023 – we are happy to see the bulls that have developed from our cows for the Edwards string. At a smaller scale for us this year, we are still proud of the offering we have raised for your appraisal this year. Of these we have three 2 year olds fullbloods, some yearling fullbloods, red purebreds and black purebred bulls; so we feel there is something for everyone. Over the years we have culled our cow herd hard; striving to have mama cows with sound, functional udders, good feet and legs and nice dispositions – all positive traits that should be passed on through their progeny. All of our offering are managed on a total herd health program, and all vaccinations are up to date. Please keep an eye out on the Transcon website www.transconlivestock.com as videos will be available on all lots a couple of weeks prior to sale day. Please know we always welcome visitors to the farm and enjoy the visits when they happen. The fellas are open to your viewing on the farm prior to sale day. Should you not be available to attend on sale day, please reach out to a trusted member of the Transcon Team who we are proud to note have represented our program exclusively for over 30+ years. We will have online bidding available as well. The Innisfail Auction Mart team are our host facility and the The Daines' family are always helpful and hospitable in doing all they can to make our sale day a success; thank you, it may go unsaid, but it is never un-noticed.

Virginia Ranch Two Year Old Bulls...

Full Fleckvieh. Non Dilutor.

- Millarville was catalogued for sale in the 2024 Virginia Ranch/Skywest Bull Sale but did not pass his semen test until after the sale.
- We had more phone calls on this awesome bull than any other bull.
- With an 80lb birthweight, weaning wt on Aug 30/2023 of 890 lb (with No Creep) and all from a 1st calving heifer. He also has an amazing Calving Ease EPD of 12.8.
- We held him back and used him on a few heifers, which we sold in the December 2024 Western Harvest Sale.
- We are again offering him for sale. He has developed into an impressive individual.

VIRGINIA RADISON 5Z - Sire of Lot 1

Polled Full Fleckvieh. Non Dilutor.

- Westlock is a polled, scurred two year old.
- Nice head, smooth muscle pattern.
- Comes from a very functional cow family (the Big Sky Britt 67B family).
- Never ever have we sold a female out of this cow family, every one of them went back into the herd.
- Take note his birthweight was only 73 lbs & his Adj 200 day wt. is very impressive too.

Co-owned with Rand-Mar

Homo Polled Purebred. Non Dilutor.

- A very, very correct black bull.
- Full brother sold to Northern Lights Simmental in last year's sale.
- Moo-Dini comes from a big blaze-face cow that is half Fleckvieh. She really is a beautiful cow that is correct in every way possible...don't know where you would change her.
- Actual Weaning weight Aug 30/2024 835 lbs.

- Homo Polled Purebred. Non Dilutor.**
- Justices' dam-Outback Splash of Black was the lead off cow at the Outback Cattle Co. Dispersal sale.
 - What a good buy. Justice was the heaviest bull on Aug 30th @ 980 lbs (NO Creep).
 - He also has only a 90 lb birthweight.
 - I promise you will have big steers in the fall from this guy.
 - Actual Weaning weight Aug 30/2024 980 lbs.

Homo Polled Purebred. Non Dilutor.

- Cheapthrills is just shy of being a February born calf.
- Have a look at his birthweight, 74lbs, his EPD on calving ease is 12.1 and he had a good weight at the end of August.
- Nice narrow head, nice smooth shoulders and not big boned at all. I believe he would work fine in the heifer pen.
- Actual Weaning weight Aug 30/2024 760 lbs.

23
VIRGINIA
 RANCH

Welcome To Our Sale!

Once again we would like to invite you to the Virginia Ranch / Skywest Simmentals Annual Bull Sale. First of all we would like to thank all of our loyal customers that continue to have confidence in our programs by bidding, buying or taking the time to stop by for a tour and a visit. All of this helps to allow us to do what we love, build Herd Bulls that produce year after year for our customers. As well it is always a pleasure to sell alongside our great friends – The Satchwell Family and Virginia Ranch.

Our goal remains the same by bringing the highest quality bulls to town that would work in a variety of herds, whether your looking for power bulls or calving ease bulls the expectation remains the same. They have to be quiet, structurally sound and ability to cover the ground with ease, which is key during breeding season. If they cant check all those boxes they don't stick around here. We are continuously on the hunt for new genetics to push our program ahead by purchasing some of the best fleck bulls in the industry.

As this is the first year that the Skywest and newly acquired Virginia Ranch cows have worked together to put this bull pen together, to say it was a success is an understatement. We are confident in saying that this pen of bulls is our strongest to date and all sired by Milsap, Rumble, Synergy, Voltage, Marquee, Dutton, Driller, Rambler, War Cry, Kryptonite.

All of our bulls have been fed together since the end of August in a large spacious pen and fed a TMR ration of cereal silage, free choice hay and Country Junction bull ration pellet.

As always we invite you to the farm prior to the sale if you would like to tour the bull group and see their mothers if interested or feel free to call us anytime to discuss any of the bulls that could potentially work in your program.

We look forward to the visit or seeing you in Innisfail.

Sincerely,

The Edwards Family

- Non-Dilutor
- "Rip Tide's" dam SBV 669H has been a solid producer for us by raising "Kriptonite" who is working for Virginia Ranch and "Rizzo" whose calling Sande Cattle Company home.
- Incredibly dark pigmented is common in the 669H progeny
- Big nuted, excellent feet and smooth made
- Also being sired by Rumble himself should put "Rip Tide" high on peoples shopping list

- Non-Dilutor
- Breeder bull here and was on display at the World Congress in July
- "Rocky" set the pace for the bull pen this summer as he had that herd bull look since they went to grass and didn't turn back
- Dam SBV Lolita 372F is a young cow just coming into her prime with huge expectations. Last years bull sold to Mullen Land & Cattle and again this year "Rocky" could be a leader in this group.
- "Rocky" has always been a pet of the pen, when visitors would tour he would come for a visit and show himself off.
- Weaned at 902 lbs. on Aug 30, 2024

- Non-Dilutor
- One of the best bulls in the entire offering
- Big powerful Rumble son off an older Ricochet 35A cow who continues to produce.
- Longevity in this cow family.
- 35M has had the herd sire look since a young age
- Big sweeping ribcage, dark thick hair coat
- Rumble incorporates mass and volume into his offspring and we are confident that Rush 35M will continue the trend.
- If you are looking to add frame with excellent feet into your cow herd than take a close look here.

With 2024 in our rear view mirror, its time to reflect on Milsap's first group of progeny selling to the public as he has solidified himself as possibly the hottest bull in the Fleckvieh breed right now. His powerful physical traits, incredibly dark pigmentation while holding the polled gene has led to his first group of bred heifers averaging a jaw dropping \$21,000 at the Western Harvest Sale, frozen semen packages averaging \$3,833/straw and growing interest from breeders all over Canada, USA, Mexico and Australia. Sire of Lots 35-42.

90 lbs	809 lbs	2.7	5.5	77.2	104.7	33.3	-1.8	71.9

- Non-Dilutor
- Breeders take a look here!
- Maverick 17M is an excellent Milsap son that drew a lot of interest during the pasture tours last summer
- Incredibly dark hair coat right down to his dark feet with full goggles
- Extremely quiet disposition with a moderate 90 lb. birth weight
- Smooth made with a nice tidy skull which is common in the Milsap progeny
- The last two years her bred heifers sold for \$15,000 each
- Milsap bred heifers commanded an average of \$20,500 at the Western Harvest sale last fall. Don't miss out on the opportunity to get on the Milsap train early.

- Non-Dilutor
- "Milrun" is a very correct Milsap son that has the heavy hair and dark pigmentation
- These Milsap progeny are special that will have a big influence in the fleckvieh breed, they are easy doing and have a look that everyone strives to create
- "Milrun's" dam is a real nice Whistler cow that Harry purchased from the good people at Langer Fleckvieh at Edson, AB. A little different breeding option.
- He was weaned off at 892 lbs. on Aug 30, 2024.

99 lbs	765 lbs	8.6	3.6	69.7	102.9	33.4	5.5	68.3

- Non-Dilutor
- "Marco" is a Milsap son that we have a soft spot for as his dam is possibly one of our most favorites females that we have ever sold in Skywest Francene 6F. We were happy to see her go to the great herd of Virginia Ranch on sale day where she eventually raised a \$30,000 bred heifer that was sold to Beechinor Bros and a \$17,000 open heifer that was sold the following year to Polar Farms and Fallen Timber Farms, BC. When the opportunity to purchase majority of the Virginia Ranch herd came along we knew she was going to be on the list to come back home.
- Francene's dam was the flush sister to Anchor D Deliah who is still producing for us and out of their top donor cow Saphire 111S who we purchased from Anchor D Simmentals when we swept the ring that day. One of the best purchases we have made to date
- The cow families are the real deal here and with Milsap joining the party it's a real opportunity for the new owner
- Like his Milsap brothers he has the colour, excellent disposition and herd bull potential.

- Non-Dilutor
- Another excellent Milsap son off a Marquee daughter that was purchased from Virginia Ranch when we acquired the majority of the famous cow herd, this group of cows just flat out produce no matter what there bred to.
- Molson 964M will add length and frame to your calves while maintaining moderate birth weights
- Heavy hair coat with full dark goggles
- 2023 bred heifer sold for \$12,000 and this past fall her bred heifer sold for \$20,000
- Milsap semen recently sold for an average of \$3833/straw. These Milsap sons will prove to be a quick ROI.

106 lbs	842 lbs	1.8	7.2	82.7	115.6	35.4	1.3	76.8

- Non-Dilutor
- Synergy son that should have a lot of friends come sale day
- The Virginia cows / Synergy combination has been a home run since day one and here is evidence of the trend continuing off a young crude cow
- "Slap Shot" has a ton of middle and hip, which will produce those big heavy calves coming off grass at the end of summer.
- Heavy muscled, Heavy hair coat with dark pigmentation makes him a standout in the bull pen
- Maternal sib sold to Perepelkin Farms for \$25,000 in 2024.

- Non-Dilutor
- Synergy son off a proven powerhouse Spruceview cow
- The Synergy progeny has been topping sales all over North America and bulls like "Sandler" is the reason why
- This is also Harry's pick of the pen.
- Large frame, long spined, smooth made and can really get out and walk with the best of them
- "Sandler's" dam Spruces 496D has already put 3 bulls through this exact sale. Consistency is key

- Non-Dilutor
- Synergy son out of a young promising Lone Stone cow that is just coming into her prime
- Lone Stone 26F has previously put a bull through this sale in 2023 that now calls Wall Simmentals, SK home.
- Circle 7 purchased his maternal sib in 2024
- Larger framed, big footed, loose hidied
- Just an easy doing bull that would work in any herd

- First sons of Dutton to hit the market off the home raised calving ease bull that Harry decided to keep for a heifer bull.
- Dark pigmentation, smooth skulled and heavy hair coat makes for some flashy offspring.
- With Ferrous being the sire of Dutton, calving ease is bred into these bloodlines and "Dexter" could be evaluated for a potential heifer bull prospect
- Dam is a young cow purchased from the longstanding Eagle Ridge program as a bred heifer

- **Herd Bull TIME!!!**
- Non-Dilutor
- "Delgado" has been on many breeders radar since this past summer during the pasture tours.
- Since his early days he has set the pace for development and never slowed down, he has all the tools you want in your next herd sire.
- Power, length, depth and smooth walking makes him a special individual
- His young dam VIRS 61H is a crude daughter that was one of the high sellers from the Western Harvest sale, and she was worth every penny.
- Her mating to our young herd sire "Black Gold Driller" has been a home run and we are excited to see the impact "Delgado" will have on the breed.
- He also weaned off at 970 lbs. on Aug 30, 2024.

Two-Yr. Old & Yearling Simmental Bulls

Thank you 

*Special Thanks to All of Our Buyers and
Bidders Throughout the Years!
We very much appreciate the support and
confidence in our programs!*
