# LONE STONE FARMS

*Welcome to our 2025 Bull Sale Offering....*

We thought 2024 was about as good as you can get but all the indicators are showing an even stronger 2025. WOW!

As our customer base keeps growing it is exciting to see our genetics meet and exceed our buyers expectations. So much positive feedback on the success of our bulls in our patrons programs. Repeat buyers year after year is very rewarding. We so much value our customers and are humbled that they choose to spend their hard-earned dollars on our Program.

In turn we work tirelessly to search out very sound and reliable genetics. We try hard not to chase the latest fad but search out Proven genetics.

As sale day approaches please give KAREN or NATHAN a call for any insight you may require.

Welcome from  
*Transcon Livestock...*

Welcome to the Annual Lone Stone Farms Bull Sale! Lonnie, Karen, Nathan, Alisha, and the kids look forward to hosting you on sale day.

As they approach 25 years of selling bulls, this sale has become one of the most popular and trusted events of the season, boasting a high percentage of repeat buyers. That said, we would love to welcome some new faces to join us for great hospitality in what we believe is the most family-friendly sale barn in the industry.

At Lone Stone Farms, they pride themselves on a customer-focused philosophy. There is absolutely NO retained semen or ownership on any of these bulls! As Lonnie likes to say, "he hopes his customers make wheelbarrows full of money with these bulls and enjoys watching their success." Their commitment to exceptional customer service is unmatched—you can count on it.

This sale features the largest offering of virgin two-year-old bulls we sell annually. These bulls are never run in a dry feedlot over the summer. Instead, they graze on pasture and are wintered in a massive area, a rare practice that contributes to their strength and readiness. Both the Red Angus and Simmental two-year-olds in this year's offering are outstanding, with options ranging from calving ease to powerful performance—truly something for everyone.

The yearling bulls are equally impressive. These bulls are free-moving and managed with care to avoid over-conditioning. You can also expect to find both calving ease and power among the Red Angus and Simmental yearlings. Almost every bull in the sale is sired by a walking herdsire from Lone Stone Farms, ensuring large, consistent sire groups. One standout group this year is the set of "Bank Note" Red Angus bulls—over 20 powerful individuals split between the two-year-olds and yearlings.

Early-season sales like this often present a buying advantage, with prices tending to rise as the season progresses. This is an excellent opportunity to secure top-quality Red Angus and Fleckvieh Simmental bulls. Working with the Browns is always a pleasure—they're incredibly easy going and welcoming, and before you know it, you might just feel like part of the family.

If you can't attend the sale in person, don't hesitate to reach out to any member of the Transcon Team for assistance. We look forward to seeing you on sale day!

This bull is a maternal grandson of a female we bought down at the Magnolia Classic in 2017 from Fred Scheutz. We brought her home to Canada in about the coldest weather imaginable. Her response to Canada's cold was to shiver so badly that she went into the calving barn for the next two months. Her calf, born in March, is the dam to this big strapping 2 year old.

Can't say enough good things about Cashmere's progeny. They have so much grow & performance. 2024 will be the last year we wean off a bunch of his calves. The weaning weights don't disappoint. Ms Benz 62C produced a couple heifers, one to Seib Farms in our 2018 Bull Sale. Another to Kardash Farms in our 2019 Female Sale. Jordan Farms bought a full brothers in our 2023 Bull Sale.

100% Fleckvieh. Polled. Sire Verified. Dilutor.

This Hendrix sired bull was kept for a 2 year old due to his age. Moderate sized with great muscle. Elvi 26E had a bull in our 2021 Bull Sale going to WT Ranch. Stampeder and Cujo in her background indicates her neat and tidy udder. No matter how we have bred her, she's never had a calf over 95 lbs. There's a lot of good things about this bull. He's worth a second look.

100% Fleckvieh. Polled. Sire Verified. Non Dilutor.

The Dam of 158L has 3 females working in our herd. She has lots of milk and has great feet. Even though an 80 lb birth weight, one must consider the power from the maternal side. I'd advise caution. He has a big red spot on his white forehead which is a typical mark that Hendrix marks his calves with.

100% Fleckvieh. Polled/Scurred. Sire Verified. Dilutor.

This bull out of a stellar female. Lexa 50J was a daughter of Ms Evan 30X, probably the best Evan female we had. I can picture his Dam and Grandmother, they both had the perfect deep thick hip that Fleckvieh cattle are noted for. I can't stress enough the great maternal line this bull is out of. Our Sully, calving ease bull stamped this guy out, like so many others. Note his weaning weight adjusted at 732. It a good number coming from cows milk and grass.

EPD's: CE 10.5 BW 2.1 WW 70.6 YW 97.6 Milk 24.2 MCE 3.9 MWW 59.5

Black Purebred. Polled. Lab Pending.  
Shelley 14E is a descendant of a cow we purchased called Big Sky Shelley. 14E is big & beautiful & black. One of the original set of black calves we got from purchasing a black bull from Bonchuk Farms in 2016 & breeding to some of our Fleckvieh heifers. You could say she is the Matriarch to Lonnie's little black herd. Bandman 133L will work excellent on your black cows. Moderate but growthy.

*Thank you to our buyers  
and bidders over the years!*

KL

*We sincerely appreciate your support  
in our program!*

*It makes us passionate about producing the  
best possible genetics for our customers!*

*thank  you*

## Terms and Conditions

**TERMS** - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

**BID** - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

**SALES TAXES** – Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

**DISPUTES** - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**PURCHASER'S RISK** - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**INSURANCE** – Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

**US BUYERS** – There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

**CATTLE PICTURES AND INFORMATION PROVIDED** - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

**ANNOUNCEMENTS** – All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

**SHIPPING** - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**BREEDERS GUARANTEE** - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

**EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

**HEALTH** - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

**EMBRYO & SEMEN** – Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

**ACCIDENTS** - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

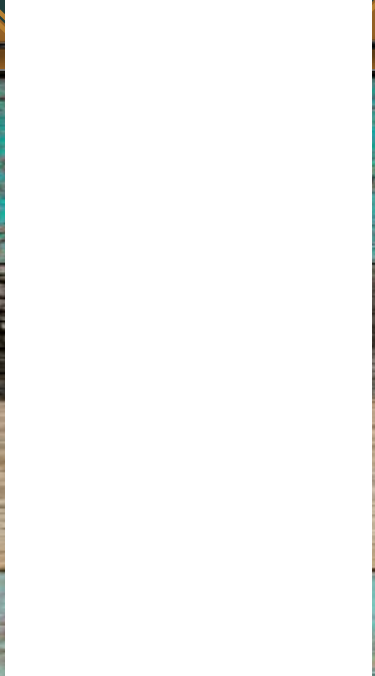

**TRANSCON LIVESTOCK CORP. IS AGENT ONLY** - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller.
