FULLBLOOD - RED & BLACK SIMMENTAL BULLS

WELCOME

from the Transcon Team!

Welcome to the 5th Annual Bridge City Simmental Bull Sale! Please join us Saturday March 1st at SLS Saskatoon for this highly anticipated sale. Join us early for lunch then look through this sound functional set of bulls that are backed by great customer service!

Storebo Farms offering is very deep with many different types of bulls yet all are thick and hairy. There is a large group of potential heifer bulls as well as some true power bulls. Whether you are after Fleck-Red-Black bulls you will be extremely pleased with what you find here.

Keet Simmentals has a very strong set of polled fleck bulls that are all non-dilutors. It truly impressed me how strong and uniform Brett and Naomi's set of bulls looked on a balmy -35 morning in January. I was very impressed with the muscle shape and foot quality on this pen of bulls. There are some heifer bulls as well as some homo polled bulls in the group. This is possibly the quietest set of bulls I've been in all season.

Suter Silverado Simmentals has a great mix of power and calving ease in his group. Curtis has a couple power bulls with as much body length as you will find. These type will make you some calves that truly push the scale down. There is a cool polled Fleck bull that is very thick and as dark as you will find to check out as well.

Double R Simmentals has a nice group of red bulls on offer with lots of calving ease. Make sure you check them out and have a visit with Ryan.

Hope to see you March 1st in Saskatoon for the Bridge City Bull Sale! If you are unable to attend please feel free to give a member of the Transcon Team a call.

We're once again bringing 15 polled Fleckvieh bulls to the sale! 7 are out of our Fair-view Evolution Bull, who continues to do good things for us. The bulls will be vaccinated with Fusogard prior to the sale to protect against footrot.

Keet's Matrix 19M has been one of my favorites. This Anchor D Raptor son has done very well. He was among the top weaning bull calves and has powered his way to being the heavyweight of the pen. He's a Polled, long, deep and thick bull. Matrix's dam, Keet's Galiana 64G, is a good Rugged R Bellagio daughter. Out of her 3 calves, the 2 bulls have been in our bull sale and the heifer has been retained in our herd. Producing bulls the quality of Matrix will ensure her place in our herd for years to come.

POLLED, 100% FLECKVIEH, DILUTOR FREE

Keet's Merit 6M is another of my favorites this year. He's got one of the longest bodies in the pen and he's definitely the bull with the widest back. He's extremely thick with a good hair coat. To top all those things off he has only an 86 lb birth weight and is the 2nd heaviest for yearling weight. We used his sire, FSS Polled Hendrix on some of our more powerful cows and we really liked the results. Merit's dam has 4 daughters working in other herds and her last year's bull calf went through this sale and was another bull purchased by Hunter Sattler from White City, SK.

Keet's Maverick 1M is a flush brother to Keet's Javelin 56J, a high selling bull we sold to Lakeview Simmentals. Maverick performed okay on his recipient mother, but has really turned it on since weaning. He's a really long, thick bull. His Starwest Pol Blueprint dam, Keet's Eibhlhin 15E, is really showing us good reasons for flushing her. She weaned off a heifer calf last fall at 931 lbs, almost 120 lbs heavier than the 2nd heaviest heifer.

Welcome from the Heather's

I would like to welcome everyone to the Bridge City Bull Sale.

This year most of the bulls are off of my walking bull MAF 102J, his calves are easy calving with plenty of growth. I was a bit late getting the polled tests done on the bulls this year but I should have the results by sale day. If you have any questions on any of the bulls don't hesitate to call.

As always visitors are welcome. The bulls and their mothers are available for viewing anytime.
