*Join Us for a
Complimentary
Barbecue Steak Lunch Sale Day!*

KODIAK  **BBQ**
catering

The "County" Bull Sale is on again!!!

One of the strongest things for the success of the commercial cowherd is the ability to crossbreed. We all know the merits that hybrid vigor presents from crossbreeding such as more growth, more fertility and overall better health! Start adding all those benefits into the equation and it's pretty clear that profit margins are increased.

We are proud that the Red Deer County Bull Sale can offer several different crossbreeding options and with high levels of quality in each respective breed. Yes we offer multiple breeds, but this is far from the old traditional "everybody enter up" bull sales of the past. We've screened each of these breeding programs prior to them consigning and can very honestly say, this is one of the best bull sales in the country for quality control and diversity.

And if you like to be "wined & dined", we're going to feed you a steak prepared by Kodiak BBQ before the sale and the consignors take it upon themselves, led by Jeanne Small, to provide some bonus hospitality the afternoon prior and post-sale!

Please join us at the very accessible Innisfail Auction Market, whom are great hosts and partners to us on many, many occasions over the last three decades! Of course if you're not able to attend, feel free to give us a call on any of our cell phones listed, for any information, appraisals and for absentee bidding options. This service has been successfully utilized by many providers for decades because it is confidential, responsible to your needs and we are not paid extra buying commissions keeping it conflict free.

See you in Innisfail,

Jay Good

TRANSCON

Red Top Livestock

Welcome to the Red Deer County Bull Sale! We would like to thank everyone that has shown interest and supported our program. All the bulls have been 100K DNA and most are fully parent verified in the offering. The bulls have had their first round shot of Fusogard for footrot prevention.

This years offering will feature these 5 main sire groups: Red Top 108L, BEE Alpha 915J, R Plus 2064K, KWA Roosevelt 63F and Rendezvous 33J who are pictured below.

If you have any questions, please don't hesitate to give us a call as we want to make sure that you get an animal that best compliments your herd. You are more than welcome to come through the pens at any time. We look forward to seeing you on sale day!

Homo Polled

thank you

Thanks to all of the Red Deer County
 Buyers and Bidders Throughout the Years!

We very much appreciate the support you have
 shown in supporting our programs!

Oh Kay Farms

Welcome to the Red Deer County Bull sale. Thank you to all past buyers and bidders for your continued support.

We have a very consistent group of bulls on offer that have everything from calving ease to performance. Our bulls are on a pellet ration from Country Junction Feeds and free choice hay.

We will offer free delivery of the bull within 300km and will work with you if you are further. We strive to get bulls delivered within a timely manner after the sale with what works for you. We can keep your bull beyond April 15, 2026 for a cost of \$3/day until you are ready for him. We look forward to visiting with you anytime before the sale at the farm or in Innisfail on sale day.

Please reach out to any of us if you have questions about any of the bulls.

**Bob and Cecelie, Brian and Corinne,
Wilson and Lindsey Lougheed**

What an exciting group of bulls we have this year and 2N is a great way to start it off. If you are looking for a bull to add the pounds to your calves look no further. He is big boned, long spined and thick! Weaning off at 1020lb pounds and our biggest yearling weight at 1520lb on Jan 9. Out of a really nice moderate framed cow all we can say is WOW! He is not the darkest red but he does have a nice blaze and a good thick hair coat.

HETERO POLLED, SIRE VERIFIED

This year the bulls are all performance. An exciting bull from a very well know AI sire. Any Captain Scream calves we have seen never disappoint and this guy follows trend. A bull whose picture just does not do him justice. He is long spined and has really nice muscle shape and expression. Out of a nice moderate framed cow this bull is all growth! In the top 3% for weaning weight and top 5% for yearling weights he's sure to add the pounds to your calves.

HOMO POLLED, SIRE VERIFIED

Here is a bull we have been excited about since day one. He is the only bull we have out of our new herdsire from Foresee Cattle co. and boy oh boy it is he a good one! The dam 31K raised one of our high selling bulls in 2025 and we think she is going to do the same this year.

22N is all power. He is extremely thick over top and through his hind quarter and carries it right down into his twist. Big bodied with a ton of rib shape, a big solid foot and a splash of white. A bull you won't want to miss.

When you AI a cow really hoping for a female it never fails they give you a bull. I guess we can't be to upset when this is what she produces. 30K had one of our high selling bulls to C4 Simmentals in 2025 and Betts is one of the most well known sires in the industry right now!

31N is simply just made right! He's smooth in his lines, thick and stout. A bull that you won't want to miss. Come and check him out and I promise you won't be disappointed.

HETERO POLLED, SIRE VERIFIED

A bull out of Beagle 2C giving us her first bull calf, a moderate framed cow who puts everything she has into her calves. This calf proves that starting out at only 68lbs and caught right up with the rest of the bulls. He should be a calving ease bull with a 17.8CE EPD. He carries a lot of depth through the middle and has a solid foot under him.

HOMO POLLED, HOMO BLACK, SIRE VERIFIED
 A real powerhouse thick, deep and long. His Epd's are in the top 10% for weaning weight and top 4% for yearling weight. He has a moderate birth weight when you consider his length and has smooth shoulders. His calves will be very popular at sale time as his dam's sire always gave a consistent calf crop.

HOMO POLLED, SIRE VERIFIED
 This calf is out of a bred heifer we purchased for Skyline Simmentals at the Red and Black sale in Red Deer. He is in the top 15% for calving ease and birth weight. He is smooth shouldered and will add some extra frame to his calves.

BEE COMPADRE 426K - Sire of Lot 37

FULL FLECKVIEH, DILUTOR FREE

This bull is a little more moderate framed but he really packs a punch. His sheer thickness and depth is very impressive. A smooth made bull with lots of rib shape and hind quarter. As dark red as they come. We bought his dam from Beechnior Bros a few years ago and she has easily become a favorite, producing top end fullbloods that turn heads.

FULL FLECKVIEH, DILUTOR FREE, SIRE VERIFIED

Goggle eyed cherry red fullblood whose sire is in the top 20% for calving ease. We have a smaller group of fullbloods in are herd and have been using Calvin on more purebreds as we love the offspring from this sire.

E & L Ranching

We welcome you to our third year consigning to Transcon's Red Deer County Bull Sale.

We are offering one 2 yr old and 14 yearling bulls. All our bulls are parent verified and we are offering bulls with calving ease as well as several performance bulls. Featuring bulls by RED LWNBRG Adrenaline 28J and RED ELF 42 Tik Tok 143J. Both of these bulls offer a lot of performance and thickness and have past this onto their daughters in production with great udders.

Give us a call if you have any questions on any bulls, or better yet, stop by the farm and view the sale bulls and we will gladly show you the females in production.

Red Angus Bulls

\$19,000.00

40

Genesis 209M is full of meat, thick butted, big nuts and has a strong top. A heifer's first calf with a good foot. Quiet disposition. We used him on a group of heifers and will have calves by sale day. His sire is RED U2 Genesis 103G an elite calving ease bull and his dam is a RED MRL Respect 42G daughter out of Red Allison Padell 146G.

Payton 506N is a real power house of a bull. Very complete, good footed, thick butt, and large nuts. Sired by RED LWNBRG ADRENALINE 28J, who has done a great job on bulls and heifers. Calving out our second crop of daughters, they look impressive. Payton's mother is a medium framed cow with a great udder and plenty of milk. Her son, ELFX 414M sold in the 2025 sale to Jim Krywcun. The best part of Payton, is he has an 81 lb birth weight with plenty of performance.

Jagger 562N is the youngest bull we are offering in the sale. A smooth shouldered bull by RED ELF 42 TIK TOK 143J. Jagger 562M's dam goes back to the K Adams line. He should be used on cows or larger framed heifers.

Keato Meadow Simmentals

Welcome to Red Deer County Bull Sale 2026. We invite you to join us sale day.

The 2025 Set of bulls grew nicely despite the dry pastures, lack of lush grass are used to. We are excited for this group, in type they are a diverse variety of complete and sound Herdsire Prospects. Calving ease and performance combined with market ability. Bulls are vaccinated with Express 5VL5 & TASVAX 8, Ivomec and clean up II. They have also all been dilutor tested. We would like to thank our past buyers and bidders and their confidence in our program, also a thank you to the Transcon Team for the work they put in to represent us!

Thank you,
Jonathan & Ebony

100% FLECKVIEH, DILUTOR FREE

- **NORRIS** is the first of 3 Embryo transplant calves from **HENRIETTA 17H X JAHARI 50L** he has a full brother in this sale and a sister retained in the heifer pen.
- **NORRIS** ranked 4th for weaning weight at 850lbs
- Our **ARTHUR 12A** cow has been a good producer here for us, she provides proven foundation bloodlines that work hard, nice udder & disposition as well.
- **DAM, HENRIETTA 17H** has 3 full brothers working in commercial breeding operations
- The **JAHARI X WILLIE** mating has worked well here with lots of length & width, this provides a performance package to add growth & size to his calves
- **See 8N's Footnotes

100% FLECKVIEH, DILUTOR FREE

- **NIKOLAUS 8N** is the 3rd of 3 ET calves, he ranked #1 in the bull pen from WW at 962lbs
- **NIKOLAUS 8N** has been impressive to watch grow, and despite the dry pastures the last two seasons, he grew very well
- Largest in the bull pen, he has big bone, a tremendous foot, nicely shaped head, and good testical growth as well.
- ET Full sister ww 900lbs, what genetic potential.
- We would definitely mate **JAHARI & WILLIE** together again!
- **See 3N's Footnotes

- **NITSCHKE** is a bull we like for his growth & style, he has extra muscle, added loin dimension, with a heavy dark hair coat, really nice feet and a polled head.
- **DAM BARON 18C**, is a moderate framed dark red cow, with a nice udder and lots of milk. She has raised 2 sons breeding in other Simmental herds and 3 daughters with two of them in other breeding programs, and one in ours.
- **SIRE, OTTIS 6L** is a bull we raised for ourselves, he is built well with extra muscle, width of top and bone. He walks well on big feet and calves out easy. We currently are calving the 2 crop and Birth weights are surprisingly smaller than we anticipated. **OTTIS** has a full sister **HOSSANA 052H** producing for Lonestone Farms, Westlock
- **NITSCHKE** has proven cow families backing him, lots of maternal in this pedigree, keeping daughters would be a good idea, I think!!

Applecross Cattle

Welcome to the 2026 Red Deer County Bull Sale! Now in our sixteenth year at this event, we truly enjoy being included with such a progressive group of breeders, with a consistent offering of bulls that fit a diverse group of needs.

The goal of our purebred program is to produce bulls with moderate birth weights that incorporate polled genetics, while stacking strong maternal lines, performance and the mothering ability the Simmental breed is known for. The bulls are wintered in a 5-acre paddock to ensure lots of exercise, and have been developed on a ration of free-choice quality first cut hay, combined with a forage-based pellet from Country Junction. All ten bulls are quiet and are used to having people move around them. We continue to focus our development program on assessing weaning performance based on mother's milk, without the use of material creep feeding.

We welcome visitors to the farm in advance of the sale to view the bulls and the cow families behind them - our website has also been updated to include detailed information and pictures on each bull. We also trust the Transcon Team with their evaluation of our cattle. If you have any questions about our bulls or our program, please do not hesitate to contact us. We look forward to visiting with you at the Innisfail Auction Market on March 14th.

Sire Verified. Heterozygous Polled/s. Dilutor Carrier. 100% Fleckvieh.
 Sometimes we have calves that just name themselves, and such is the case with 'Batman', who's pigment comes down over his face to create his 'mask'. After the success of his paternal brother in 'Payday' in last years sale, we thought it only appropriate to start our 2026 sale offering with another Pilot son in 'Batman'. We have been very impressed with the Crossroad Pilot progeny to date, as the calves come easy, are vigorous, and appear to have more growth than most 'heifer bulls'. Batman's dam is a hard-working Eclipse daughter, a bull we are highly familiar with, having helped develop him as an early polled highly maternal breeding piece 20 years ago. The dam side is further backed by the BEE Crocus cow family, who continues to produce outstanding progeny for the elite BLL program. Depth of pedigree and a little different genetic twist, combine in a very attractive, smooth made package that is 'Batman'.

 Perhaps the purest option for the heifer pen is Jericho. Moderate framed, smooth made, heavily pigmented, Jericho is simply built right. His dam, Applecross Savannah, is a hard working, first calving full sister to APLX Coach 37J who sold to Red Oak/Little Creek Cattle as our high seller at Red Deer 2022. Jericho's sire, Virginia Journey, was selected as the high seller from the renowned Virginia Ranch program out of the 2023 Bull Spectrum sale. The Synergy-Radison genetic combination was very intriguing for us, and has proven to be a highly sought after combination across the industry. Journey developed into an option we were comfortable using in the heifer pen, while still having plenty of get up and grow. Look for Jericho to moderate birthweights and add strong maternal traits to his progeny.

\$31,000.00

69

Sire Verified. Homozygous Polled. Dilutor Free. 100% Fleckvieh.

A heavily pigmented, hairy rascal, Junior may just be the most intriguing bull in our whole offering. Just a February birthday out of a first calf heifer, this Journey son possesses unlimited options. Not 'just' a candidate for the heifer pen, Junior exhibits outstanding muscling, hip, and depth of quarter while being backed by some impressive numbers. Junior's dam, Applecross Whitney, is a personal favourite from our first calvers, and has a tremendous future in front of her, showcasing an excellent udder from day 1. When we find cow families that we like, we tend to use them, so its no surprise that 'Willows Jade' can be found on both sides of Junior's extended pedigree. Junior is worth a long, slow look, as he showcases tremendous versatility, strong maternal lines, and will take the horns off every single calf.

Sire Verified. Homozygous Polled. Dilutor Free. 100% Fleckvieh.

Jigsaw has a nice square design with a wide top and is big quartered. Much like the rest of the Journeys, he has a correct build, is highly pigmented and offers loads of eye appeal. A little different genetic twist on the dam side, where Felicity 14K is one of our larger framed cows, that still produces moderate birthweight progeny. A no-nonsense type of bull, Jigsaw should balance the scales and provide strong maternal characteristics for replacement females and heavy steers to go to town each fall. Make Jigsaw the missing piece of your genetic puzzle!

TRAN
 Livestock Co

\$16,000.00

71

Sire Verified. Heterozygous Polled. Dilutor Free. 100% Fleckvieh.

Judge is a bull with strong natural muscling ability and incredible mass. He's huge hind quartered and wide topped, carrying a little more frame than his pen-mates; and has led the group since weaning. His dam is one of our favourites and, as a very moderate framed beauty, is usually found at the top of our list for weaning off the highest percentage of her body-weight. A moderate framed cow that weans big calves is exactly how money is made in the cattle business, so expect Judge to combine excellent maternal traits and a powerful punch. We'll let you be the Judge at Red Deer County 2026!

72

Sire Verified. Heterozygous Polled. Dilutor Free. 100% Fleckvieh.

Jordan is another Journey son with lots of muscling and style. He is moderately framed, fully pigmented and polled - and once again, comes from a first calf heifer! Four generations of this cow family have worked here, beginning with one of our herd matriarchs, Spruceburn Pauline; with Paisley being a direct daughter of 'Patience'; dam of Judge above. Jordan is another very versatile bull, all wrapped in a highly eye-appealing package to help remove horns and produce performance-oriented offspring while still leaving daughters with plenty of milk. Come up clutch, with Jordan.

73

**Sire Verified. Heterozygous Polled.
Dilutor Carrier. 100% Fleckvieh.**

As the song goes, 'we've been talking about Jackson...ever since the sun went down'. Jackson has a late January birthday, but he has quickly caught up to his pen mates. Jackson is a little lighter coloured, but remains heavily pigmented, and is very well built. Descended from our Dora Lee Christina cow family, his dam Ceilidh is another fourth-generation female who walks here and has some incredible maternal numbers to back up some well-uddered genetic lines. He may be more Johnny than June, but Jackson should come up 'cash' all the same.

The last, but certainly not least, of the Journey sons on offer this year is Jazz who, along with Judge, would offer a little more frame than his pen mates while offering very strong maternal qualities. Jazz is backed by Applecross Tasha, and is a full brother to Applecross Tessa 55L, our high seller at Shades of Fall 2025. This cow family has done very well for us over the years, dating back to progeny from its matriarch, HEMR Tasha. All four generations of this cow family that we have walked at Applecross have had multiple progeny selected for sales during their careers. Proven predictable performance. Play all the right notes, with Jazz.

75

Sire Verified. Heterozygous Polled/s. Dilutor Free. 100% Fleckvieh.

Our biggest 'curve bender', Tonka is one cool dude. Starting with a 93lb birthweight, he has exploded since weaning, and was our top performing bull when we took yearling weights in mid-January. His dam, Applecross Darla, has quickly become one of our top young cows, with a maternal sister selling to Grady Brown from Shades 2024, and a full brother to Moonlite Farms at Red Deer 2025. Darla maintains an absolutely picture perfect udder, and is just entering her prime. We have walked six generations of the cow family behind Tonka here at Applecross. Backed by such a strong cow family, and carrying a little different genetic twist, Tonka is a well balanced bull that exhibits a great quarter, strong top, and plenty of middle to form a complete package.

VIRGINIA JOURNEY 509K & BLL TOMBSTONE 223K

Sire Verified. Heterozygous Polled. Dilutor Carrier. 100% Fleckvieh.

Tristan is a very eye-appealing bull, and is simply stamped right. Out of another young Confidence daughter, Tristan is backed by our 48R cow family, which we have had the privilege of working with since the mid 1990's. Maternal Grand Dam, Applecross Frauline, has put 4 daughters through our female sales to date, with Lily being her 2022 model we thought we should save for ourselves. A very stylish bull, Tristan is backed by longevity and maternal strength to create a really intriguing package.

Dallas Farms

We would like to welcome all cattlemen to this great bull sale and to Transcon sales personal for asking Dallas Farms Inc. to become part of this sale.

We are very proud of our sale offering as these bulls exemplify our breeding program. The bulls have natural thickness, shape and are out of the top sires in both horned and polled Hereford genetics.

The sale bulls are out of top cows with great udders and feet. You can buy with confidence and we look forward to meeting at the sale

511 is a big, stout bull with loads of performance and very wide based. He has pigment and is red to the ground.

Chestermere Stock Farm

For this year's sale we are offering yearling bulls from outcross sires and our line bred cows.

The bull calves were wintered in a 5-acre field. Our bulls are never pushed. They get only mixed hay/greenfeed and rolled oats over the winter.

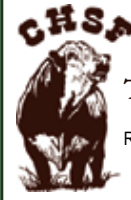

For decades we have made extensive use of performance and measurement tools. Our replacement females are ultrasound measured for carcass traits. All the bulls have been genomically-tested In order for us to help improve the accuracy and reliability of the EPD's.

We would like to express our sincere appreciation for everyone who has taken an interest in our cattle over the years. We appreciate their support and wish them continued success.

If you have any questions, please do not hesitate to call us at: (403) 815-9038

HOMOZYGOUS POLLED

Northwest is long bodied, bigger framed, dark, and super quiet. His mother is from our Rose cow family. She is big framed, heavy-milking, and consistently puts out useful calves. Northwest is a multi-trait leader with growth EPD's in the top 15%, REA and marbling in the top 15% for the Hereford breed. With a moderate 86 lb birth weight and his smooth made structure, we expect his calves will come easily.

HOMOZYGOUS POLLED

HEIFER-APPROVED. Natural is a soft, thick, deep bodied, easy-moving bull that comes from a solid, functional Rose cow family. His mother is a two-year old daughter of Authority 39J. She has done an excellent job in her first year. Authority was our high seller in the 2022 sale to Coulee Crest Herefords. We used Natural's sire, Fire Storm for a number of reasons including his ability to sire dark, fully pigmented calves, and Natural is marked accordingly. Here is a bit of a curve-bender for EPD's. Top 10% for calving ease, birth weight, and top 15% for yearling growth.

HETEROZYGOUS POLLED

Built to perform. If you are looking for a bull that can do a lot of good. Nick is long, big-framed, fully pigmented, and super gentle. His mother, Victoria 29L did a fantastic job raising Nick. She is an impressive daughter of Authority 39L and out of Vicky 37F. Nick scores in the top 1% for weaning and yearling growth while still scoring a respectable +2.9 for birth weight. His milk EPD is in the top 5% of the breed and his udder and REA scores are in the top 20%.

HOMOZYGOUS POLLED

Long, smooth, natural muscle, dark, short-marked and fully pigmented. His two-year old mother, Brittany 4L did a nice job on this guy. She is from the Brittany cow family and is a daughter of Forward 7G. Nexus yearling growth EPD is in the top 10% and his teat and udder scores are in the top 25%. If you are looking for some eye-appeal and style, Nexus is definitely an option for you.

HOMOZYGOUS POLLED

Use on cows and heifers. Notice is thick-made, moderate framed, and lots of hair. His mother is a thick-made, easy doing daughter of Dynasty 3E and is part of our Brittany cow family. His sire, Sherman 2157K, is the high seller for Churchill in their 2023 sale selling for \$160,000. We appreciate Sherman for the balance he represented and as an outcross to our herd. His calves are moderate at birth, well-made, balanced EPD's across calving, maternal, growth and carcass traits. Notice is indicative of that with his EPD's for being above average for nearly all traits. His Marbling score is in the top 5%, yearling weight in the top 15%, REA in the top 20%, and his birth and calving ease scores in the top 35%.

HOMOZYGOUS POLLED

Lineman is an excellent-footed, soggy, deep-made bull with a big hip, plenty of capacity, great hair and a moderate birth weight. His mother, Red Doll 1G, an easy-doing Red Summit daughter that gives us a very good calf each year. In the 2025 sale, her son, Mission 33M, sold to Darryl and Anissa Friesen and her 2024 sale bull, Head Coach 50L, sold to Kevin Robertson. Lineman comes with a respectable set of EPD's. His weaning weight and yearling weight EPD's are in the top 1% and 2% of the breed, and his carcass Weight and REA EPD's are in the top 10% and 5% respectively.

Rockies R Ranch Ltd.

Welcome to the 2026 Red Deer County Bull Sale, and what a time to be in the cattle business, it's been a long time coming. We are happy to again offer our bulls up for your appraisal at this prestigious sale.

Our tagline here at Rockies R Ranch is "Cattle built to last", this means good feet, good muscling, good temperament, and most importantly good fertility. We expect our bulls to excel in these traits without any special treatment. From conception to weaning these bulls are raised and treated in a commercial setting along side our commercial herd. To be considered for our bullpen and avoid the dreaded rubber band these bulls had to prove themselves superior to their counterparts without creep feed or any other special treatment. The bulls were weaned and weighed on September 3rd and have been developed in a slow responsible manner with a pail fed pellet ration and free choice forage. Working in consultation with our nutritionists we have ensured that the bulls on offer are sound athletic animals ready to get your cows bred.

Black Angus Yearling Bulls

A definite feature bull, Rockies Atlantis 9N is a powerhouse that is hard to fault. Massively shaped in terms of length, depth and width he stands on a good large foot and comes halter broke. If you're looking for power and performance in a structurally correct and aesthetically pleasing package to add to your herd MER 9N is what you're looking for.

SQUARE B ATLANTIS 8060 - Sire of Lot 96

A bull to be proud of, Rockies Craftsman 3N was born with a modest 80lbs birthweight and weaned off at an impressive 825lbs. He is out of a beautiful first calf Showman heifer from our Evening Tinge cow family. Following his sire, Connealy Craftsman, MER 3N is stamped with a striking phenotype. Expressively muscled, long bodied, nice balance and a good foot. Recommended for cows and heifers.

MER 24N has all the attributes to be considered a sure-fire heifer bull. He has a low birth weight, small head, smooth shoulders, and calving ease bred into him on the top and bottom. His sire Madsen Grit 5L is our walking heifer bull and he has not disappointed, throwing consistently easy coming calves with exceptional performance. 24N's dam Rockies Georgina 8K herself only a 64 lb birthweight stems from the Blairs Georgina cow family which have calving ease bred into them for generations. Recommended for heifers.

Rockies Revival 14N is a smooth shouldered, smaller headed heifer bull with a low BW of 76 lbs. Out of a first calf heifer we bought from Chico Ranches, 14N came quick and easy. What's impressed us most about MER 14N is his length, smooth stride and pleasant disposition. While its hard for ranchers to sleep easy when calving out heifers, it will help knowing they were bred by Rockies Revival 14N. Recommended for heifers.

MER 35N is an overall solid bull. His dam RI 37Z is the oldest cow in our herd and exemplifies what are our tagline "cattle built to last" is all about. At 14 years of age, she is still going strong with 35N being arguably her best achievement yet. He is a complete bull with an athletic build and smooth stride that is sure to add value to your calf crop.

The youngest bull in the pen, 42N has done a great job keeping up with his older counter parts. Like his paternal brothers 42N has an athletic build with a wide top and big hip. 42N's sire Rockies Attractive 4K has done a great job for us in producing consistent offspring, they calve easy and wean heavy.

84	858	10.1	1.1	77.0	116.7	25.0	2.1	63.5

Rockies Attractive 36N is a prospective herd sire that should be a feature in any sale. Born in late February this registered Sim-Angus bull out of a beautiful second calving Bankroll daughter came into the world at only 84 lbs. On September 3rd, at only 194 days old he was weaned weighing 858 lbs (a gain of 4lbs/day). We never push feed into our bulls, so the growth we've seen out of 36N post weaning has been even more impressive. Muscled like a 2-year-old, 36N stands on a big foot, is wide topped and big hipped, his length is impressive and his overall build with his athleticism is second to none. When we chose to use our Angus herd sire, Rockies Attractive 4K on Rockies Gailyn 11K this is the exact outcome we were hoping for. Breeding decisions don't always work out as well as this one. Recommended for cows and heifers.

Rockies Evolution 21N is a deep, thick, and wide herd sire prospect with an excellent foot and foot structure. His sire Wheatland Next Century is known for his muscling and foot structure, we are happy to see that Rockies Evolution is following in the same pattern. His dam HF Echo came to us from Hamilton Farms and has been an excellent cow for us.

Eagle Valley Farms

We are excited to be back for our 5th year in the Red Deer County Bull Sale. Eagle Valley Farms is a family operated Purebred Charolais Farm in the Sundre area.

Our herd focus has been growing quality over quantity, extensive embryo transplant work, AI sires and growing our herd based on great mother cows. We got to see some EVF genetics trickle into show rings across Canada and thrive in purebred herds. Watching Harvie Ranching win Farmfair Champion Charolais female and then make it into the top 5 Supreme with EVF Lily 338L was a major highlight this fall. Was great to see juniors show some EVF females across Canada! As well as seeing top quality, hairy and high performing tan and silver calves from commercial herd customers. With that our passion for creating good, honest, functional cattle is at the forefront of our growing herd.

We invite you to come by the farm for a tour and beverage anytime, we enjoy talking Charolais cattle!

POLLED

A big, long bodied bull out of an old letter 'C' cow that knows how to raise good calves. This will be a 4th straight son to make the keeper pen, and her calves are usually near the top in weaning weights.

Double Q Simmentals

Welcome to the 2026 Transcon Red Deer County Bull Sale! This is our fifth year selling alongside these outstanding breeders and we couldn't be more proud to showcase what the purebred cattle industry in Red Deer County can offer to local producers. We offer bulls that are pale fed, quiet, and productive. These bulls are raised by our kids which is always a good test of temperament.

Our main natural herd sire Springcreek Flash 66G has brought frame size and carcass weight to his progeny. With Anchor D Viper as his grand sire, you know that you're getting the best of both worlds: Red and Fullblood Simmental. Flash is homozygous polled so his calves are polled. Springcreek Flash sired WAE NICO 160N.

Our second sire to these bulls is Virginia Marquee 423D. In the cattle industry Marquee has another name: Mr. Fix It All. Marquee has the reputation to increase udder quality, decrease aggressive attitude, improve feet, increase bone and muscling as well as being good to use on cows and heifers. Our 597N bull is a spitting image of his sire with heavy hitter genetics on his damn side as well. Marquee is the sire to NEMO 270N, NERO 597N and NITRO 57N.

Stop by our pen on sale day and check out these boys! Viewing is also available on the farm. Give us a call and we will be happy to show you what we have on offer.

Dane & Whitney

Simmental Yearling Bulls

270N comes from a line of genetics that boasts long frames! His dam and grand dam (from Maxwell Simmentals) are long as trains. This bull comes with a solid red colour as well as depth of rib and attractive muscling in the hindquarter. Nemo's dam has fantastic feet, a well balanced and high producing udder as well as the sweetest temperament (even during calving). This bull steps out well. We have sold many brothers to this bull with great success.

VIRGINIA MARQUEE 423D - Sire of Lots 110, 111 and 114

597N has been a standout ever since he was born. A Red Simmental born from a Fullblood Sire with strong maternal genetics. Flashing the natural Fleck markings, he is deep muscled and sturdily built. A spitting image of his sire in not only colour but size is eye-catching. The muscling on this guy is intense. This bull is sired by Virginia Marquee 423D who has given us some awesome calves! His dam is a powerful Crosby cow from Maxwell Simmental's with strong feet and sound leg structure as well as a flawless udder. This bull has power on both sides of his genetics so you can expect that for his calves as well!

160N has really nice muscling along his top line and into his hindquarter. He has length and depth to add as well. With a red coat and a white blaze face, he will definitely bring attractiveness to his calves along with carcass weight. We have retained many replacement heifers from Springcreek Flash and are very happy with the results. He has brought size and increased milk production in his daughters. Our daughter used a Springcreek Flash son for her 4H steer and he had no issue finishing out over 1500 pounds so you know his calves will grow!

57N has always been a favourite of the kids. This bull was a backup 4H Cleaver project for the kids. He was gentle and easy to work with. This boy is long, long, long. 57N brings a striking white face as well. This cow line brings tremendous genetics that will keep this bull breeding for years! His dam is a strong Maxwell Simmental cow that happens to be the grand dam of WAE NEMO 270N! Between this cow and her daughter they have produced bulls for us every sale season.

BNK Cattle Co.

On behalf of BNK Cattle Co., we would like to welcome you to the Red Deer County Bull Sale 2026!

It is our pleasure to be working with Transcon Livestock once again to bring to you what we believe is a diverse group of red angus yearling bulls that embody true angus traits such as growth, natural thickness, performance, and calving ease. Our focus is generated towards the commercial cattlemen when selling bulls, providing ranchers with cattle that will go to work with a solid foundation, and optimistic longevity!. We would like to extend a special thank you to Winchester Cattle Co., Alta Bar Ranch, Colbey Simpson, and Hillman Ranch for investing in the BNK program in 2025. Our bulls are easy to handle, and we will work diligently with our buyers on delivery anywhere in western Canada in a timely fashion.

Give us a call, or stop by and view the lad's anytime, we're easy to find!

Best Regards,
Bobby, Kalynn & Hadley

Red Angus Yearling Bulls

Herd Bull Alert!- this guy checks many boxes on the herd bull prospects list. National Bank 1N is our lead off bull for good reason. He has that herd bull look, smooth shouldered, good footed, structurally sound and correct. Well balanced muscle, backed by a dark coloured, big volumed +25 milk EPD 2nd calver. On the purebred side, how could you write a better Red Angus pedigree? Give this guy some serious consideration if you want dark red,uniformed steer calves, and maternally functional replacement heifers!

Nixon 6N is performance oriented, he comes structurally correct, bold ribbed, strong topped with balanced muscle throughout, just like his sire Shocker 266K. He is maternally backed by what we think is an ideal angus cow we are heavily fond of. This is the right opportunity if you favor heavier steer calves, and fancy salable heifer calves at weaning time! Maternal brother sold here one year ago to Hillman Ranch at Spruce View, and is doing a heck of a job!

Neely 5N (aka Cam) offers a nickel more frame and scale w/ performance and growth. "Cam" is masculine, stout and is destined to be a big time cow breeder. His dam is a strong milking, U2 Bono daughter that rings them out every year! In fact, a maternal brother sold in this sale ring a year ago to Alta Bar Ranch, Rimbey Ab. "Cam" would work wonders on bigger framed Hereford x Simmental or Charolais cross cows!

The Nike brand moto is "Just Do It", Our advice is-if you're looking for a heifer bull-then just do it! buy the bull!. Nike 12N possesses some great length of body, and is just a functionally correct individual that travels on a solid black foot. His dam is a deep bodied, big volumed 2nd calver who carries a +29 Milk EPD. We have been admiring this guy more and more as time goes on. He will add calving ease for your heifers with length and pounds to his offspring.

Nitro 11N is another U2 Bono son, who the more you analyse him the more you will agree he deserves to be on your list as a well rounded and versatile option for your breeding program. He is moderate framed, and a smooth balanced attractive individual. Nitro 11N's smaller angus shaped head, combined with a sleek blended set to his shoulder makeup, makes this bull a worthy heifer candidate!

Join Us for a Complimentary Barbecue Steak Lunch Sale Day!

Terms and Conditions

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES – Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE – Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS – There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS – All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN – Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller.
